

## JFK Power Boast At Press Meeting

### Gives Plans For Staying As Top Power

#### Readies Nuclear Atmosphere Tests 'If Necessary'

WASHINGTON (AP)—President Kennedy says the United States packs military power second to none in the world and won't be fooled by the Soviets in losing this strength.

To maintain the U. S. position, he proposes:

To seek additional money for defense next year.

To keep a steady eye on U.S. strength, intelligence and commitments in relation to the capabilities of its adversaries.

To get ready for nuclear tests in the atmosphere and to conduct them if necessary.

It was in connection with nuclear test readiness that Kennedy declared Wednesday the United States is determined not to be maneuvered out of a position of power. He reminded his news conference that the Soviet Union prepared for its current series of nuclear blasts while discussing a test ban over the conference table.

"If they fooled us once, it is their fault," Kennedy said, "and if they fool us twice, it is our fault."

Kennedy, who previously had signaled a rise in military expenditures, did not say how much he would ask Congress to appropriate next year. The 1961-62 defense budget, increased \$6 billion since he took office in January, is about \$47 billion.

This was Kennedy's 18th presidential news conference—his first in nearly a month. It ran for about a half hour and was lightened by flashes of humor. While it produced nothing especially new, it gave the President a chance to express his views on many things—from military power to recent Democratic triumphs at the polls.

He is reluctant, Kennedy said, to predict future results on the basis of past elections. But had Mayor Robert F. Wagner of New York, Gov.-elect Richard J. Hughes of New Jersey and Rep.-elect Henry B. Gonzalez of Texas lost he said, "it would have been interpreted as a stunning setback for this administration." So he said he would break his rule and say their victories were a "source of satisfaction to us" and indicate the voters believe both the candidates and Democratic party are committed to progress.

With a smile, he added: "I suppose some day we will lose and I will have to eat those words."

Kennedy replied with vigor when a questioner said some people regard the views of Prime Minister Nehru of India as tending to be pro-Communist.

"I know of no national man in the United States who holds that view," Kennedy asserted. Nehru is in Washington for talks with the President.

In reference to attempts to assure business leaders he is not anti-business, Kennedy said, "well, if to stop them saying we are anti-business we are supposed to cease enforcing the antitrust law, I suppose the cause is lost." He added there can be "no long-range hostility" between business

## Fallout Survival Course Is Set For Sunday

A basic course in the steps to take to protect one's self from radioactive fallout will be conducted Sunday afternoon beginning at 1 o'clock at the Civil Defense control center in City Hall.

Consisting of a ten-hour two session course, the second five hour session will be given the following Sunday, Nov. 19, at the same time, according to Jack Kraus, acting Civil Defense director.

Kraus said the course of instruction is open to all interested persons and that attendance in no way obligates the individual to participate in the organized Civil Defense program.

Conducting the course will be S-Sgt. Bill Summers, Whiteman AFB, Russell Conn and Jack Delph.

### In Southern California

## Assault On Blaze By Men, Machines

LOS ANGELES (AP)—Men and machines massed today for another assault on the twin blazes in the Santa Monica Mountains, the worst fire disaster in Southern California history.

Firemen controlled flames in exclusive Bel-Air and environs Wednesday night. The fire in nearby Topanga Canyon was near containment today. Authorities reported favorable wind and humidity.

Official damage estimates: 456 homes destroyed (by actual count), all but nine in the Bel-Air area; 14,150 acres of watershed ruined; property damage perhaps in excess of \$20 million.

## Reds Ambush, Kill Bishop And Family

SAIGON, South Viet Nam (AP)—Communist rebels ambushed a Roman Catholic bishop, killed a provincial district chief and his wife and beheaded their children in new incidents in South Viet Nam's mounting civil war, the government said today.

The bishop was rescued unhurt by a passing military convoy in the southern delta region.

Ambushes are a standard tactic by Viet Cong rebels as they fight with mounting strength against the government of President Ngo Dinh Diem.

A Catholic priest and two companions were ambushed and slain Nov. 2 in the same general area. The Communist Viet Cong has become increasingly hostile to the Catholic clergy as South Viet Nam's civil war grows more intense.

## Season's Nigh

If the weatherman continues this trend we may be in for another nice weekend before snow flies. On the other hand, he may be a queer hunter setting things up for himself.

Increasing cloudiness tonight; considerable cloudiness Friday; warmer tonight. Low tonight 36-42; high Friday 55-60.

The temperature Thursday was 34 at 7 a.m. and 60 at 1 p.m. Low Wednesday night was 30.

The temperature one year ago today was, high 49; low 25; two years ago, high 63; low 34; three years ago, high 65; low 46.

Lake of Ozark stage: 59.0 feet; 1.0 below full reservoir; up .1.

(Insurance officials estimated total insured losses may run as high as \$24 million.)

The situation today: Topanga Canyon, 8,400 acres charred, 250 men and 60 vehicles on the fire lines; Bel-Air-Brentwood: 5,750 acres scorched; 150 men, 20 vehicles. No immediate danger to the nearby seashore community of Pacific Palisades, although the two fires are only a half-mile apart at their nearest point.

There have been no deaths reported during the four-day holocaust. At least 150 firemen have been injured, none seriously. The fires have destroyed many homes in the \$100,000-and-up class in the movie colony known as the Hollywood Hills section. Thousands of persons fled from homes and schools.

In the movie colony, flames destroyed the homes of Burt Lancaster, Zsa Zsa Gabor, Joe E. Brown, Joan Fontaine, producer Walter Wanger and composer Lukas Foss. Among the evacuees: former Vice President Richard M. Nixon, who returned Tuesday to his rented home in Brentwood.

## 4,070 MPH Speed Record Set by X-15

EDWARDS AIR FORCE BASE, Calif. (AP)—The X-15 rocket plane flashed a record 4,070 miles an hour today in its long-awaited all-out speed dash—and landed safely despite a shattered windshield.

The research craft, its mighty engine for the first time wide open until fuel exhaustion, topped its 4,000 m.p.h. designed maximum speed by 70 m.p.h.

Only U.S. and Soviet astronauts in missile-boosted capsules have gone faster than Air Force Maj. Bob White flew in the X-15 today. The 37-year-old test pilot set his mark in a level run at 95,000 feet, pulled up to 100,000 feet while maneuvering to test high-speed handling, then experienced a shattered windshield as he glided to earth.

He radioed that the right half of the two-piece windshield was "completely shattered," blocking his view from that side.

"Good Lord, I hope this one (the left side) holds," he said over his radio. It did.

He brought the ship in for a smooth 200 m.p.h. landing, aided by radioed advice from the pilot of one of the chase planes.

Part of the windshield cracked on a previous X-15 flight, from causes unknown.

White's record came 25 months and 43 flights after the X-15 first took wing to begin exploring the hazards future space ships will encounter in reentering the earth's atmosphere.

## Remnants of a Home

SORROWFUL TASK FOR JOE E. BROWN — Comedian Joe E. Brown inspects the contents of a small jewel case he unearthed in the ruins of his home near Los Angeles. Brown was seeking some of the souvenirs he collected in his many years in the entertainment world. Most of them were lost in the brush fire that swept the area. (AP Wirephoto)

### Post Office to Close

Saturday, being Veterans Day and a legal holiday, there will be no delivery of mail either in the city or on the rural routes. All service windows in the lobby of the post office will be closed.

Special delivery mail will be delivered. The regular holiday collection schedule will be maintained from street letter boxes, and all mail will be dispatched.

### Anti-Stalin Drive Is In Full Swing

MOSCOW (AP)—Soviet provincial newspapers arriving here today reported the campaign to erase Stalin's name is in full swing.

The papers said Stalin districts in Kiev, Sevastopol, and Alma Ata have been renamed.

The mayor of Stalingrad told a newsman in a telephone conversation Wednesday that citizens there also are demanding a new name for the city.

## Bogus Check Charge Is Withdrawn

A charge of uttering a bogus check previously filed against Curtis Keithley was withdrawn from Circuit Court Thursday afternoon.

In the charge Keithley was charged with obtaining money from an elderly couple through use of a bogus check. He allegedly used the check, drawn on another person, to pay for a stove, then took the change from the check in cash.

In a preliminary hearing in Magistrate Court Keithley denied ever seeing the check or the person who said he was the man who passed the check.

Shortly after the preliminary hearing, in which Judge Frank Armstrong ruled that a crime had been committed and that Keithley might be guilty, and bound the case over to Circuit Court, Sheriff Emmett Fairfax and Prosecuting Attorney J. R. Fritz decided to arrange for a polygraph test, and have the handwriting on the check analyzed.

The tests were completed, and on the basis of the findings Fritz withdrew the charge.

Fritz said the polygraph test, or lie detector test, indicated the man was innocent, and that the handwriting analysis also indicated the man was innocent.

## Deadline Is Near On Mailing Gifts To Overseas Forces

Postmaster Maurice F. Hogan issued a reminder today for all who have not yet mailed their Christmas parcels to members of the Armed Forces. Nov. 20 is the last date the postal service can expect to guarantee delivery of a Christmas parcel in time for Christmas. Air Mail parcels can be mailed as late as Dec. 10, and have an excellent chance to be delivered overseas.

For information concerning restrictions on mailable items, sizes and weights call the post office and ask for "Overseas Mailing Information."

# Airliner Toll At 77

## Army Recruits Die In Crash

RICHMOND, Va., (AP)—Seventy-four young Army draftees and volunteers, enroute to begin training only hours after taking their service oaths, perished in the fiery crash of a chartered plane near here Wednesday night. Three of the five crew members died also.

The big four-engine Imperial Airlines Constellation was striving desperately to reach the safety of Byrd Airport with two engines out. It made one unsuccessful pass at the field and circled for another try.

Suddenly, an airport observer reported, the plane "dropped straight down. A ball of fire shot up. It must have gone 300 feet in the air." Explosions echoed through the cold, starry night as rescuers raced to the scene in a marshy woodland.

It was 9:24 p.m.

The crash was the second worst single plane disaster in the United States. The record toll for a single plane occurred Sept. 1 when a Trans World Airlines Constellation plunged into a cornfield near Chicago, killing all 78 aboard.

Only a few hours before, most of the young Army recruits had been in a gay mood as they boarded the aircraft in New Jersey, Pennsylvania and Maryland on their way to basic training at Ft. Jackson, S.C.

For various reasons, six of them were not inducted and returned home, missing death by a whim of fate.

One is Joseph Niland, 23, Clifton, N.J., who would have been on the plane.

But he received a traffic ticket a year ago. Reporting for induction he said the Army told him to go back home, have the ticket cleared and then he would be recalled.

Only the pilot and flight engineer of the plane survived the crash. Their accounts of events leading up to the crash was not immediately available. Neither was critically hurt.

However, federal authorities said the aircraft developed engine trouble about 10 miles west of Richmond and headed for an emergency landing at Byrd Field, just east of the city. The authorities said the first landing attempt was thwarted by landing gear difficulties.

Today there began the grim task of trying to identify the charred and broken bodies of the 77 victims.

## Preparatory Work Begins

# Signs of Missile Program Progress

The first real signs that Minuteman missiles are getting ready to roll into Central Missouri are beginning to appear. Earth is being moved on the E. W. Thompson property, just west of the city, where a number of trailer units for construction people will be located.

Across Highway 50 in Industrial Park, plans are being made to clear way for a street that will run north through the park from Highway 50 and connect with Main street. A bridge for auto traffic and a footpath bridge is also planned for the park, where a number of trailer units will also be located.

An item of interest on employment that has just developed in connection with the program: H. L. Hotchkiss, industrial relations representative for Boeing Airplane Co., has stated that the firm may hire about 20 per cent of its work force from the surrounding area.

Hotchkiss said drivers, dispatchers, clerical help and the labor force will come from the local area when the firm gets into operation. He said his office would work through the state employment office in acquiring the needed force.

Additionally, Hotchkiss stated that persons with needed skills in certain technical fields would also be considered for employment. He added that, in all probability, such personnel would be sent to the Boeing plant in Seattle, Wash., for a short period of time for a refresher course in the needed technical specialty.

In other developments, it was brought out at a luncheon meeting Wednesday at the Officers Club at Whiteman AFB, sponsored by Boeing, that some possible damage to county roads can be expected in about 12 months as result of the heavy equipment that would necessarily have to be moved over some roads.

Air Force, Army Corps of Engineers and Boeing officials pointed out that efforts are being made in Washington to push through a program to provide repair funds to the counties involved in case damage does occur.

Due to the fact that several months will lapse before heavy equipment will move over area roads, officials indicated that action is expected in Washington and a repair program will be in effect when and if it is necessary.

## Arosemena Takes Office In Ecuador

### Presidency Claim Dropped By Toledo After Jet Raid

QUITO, Ecuador (AP)—Carlos Julio Arosemena took the oath as Ecuador's new president today, promoted from the vice presidency by a constitutional right that the Air Force enforced with a noisy jet raid on Quito.

The show of force Wednesday by three rocket-firing jet fighters led the army-backed provisional president, Supreme Court President Camilo Gallegos Toledo, to drop his claim to the presidency vacated Tuesday by Jose Maria Velasco Ibarra.

That cleared the way for the succession of Arosemena, 42, the left-leaning vice president elected with Velasco Ibarra in June 1960. Congress already had proclaimed him president Tuesday night.

Gallegos, a political centrist, resigned within minutes after the jets fired rockets and brief machine gun bursts in swoops over the military barracks as tank-supported soldiers held Arosemena a virtual prisoner at the legislative palace.

Though the barracks seemed to be the target, the palace was jarred by two blasts from the jets, U. S.-made T33s. Residents swarmed into the streets as explosions echoed off the surrounding mountains. Despite all the noise, no damage or casualties were reported.

## Army Shuttles Troop Units Over Autobahn

BERLIN (AP)—The U.S. Army today began shuttling troop units over the Soviet-controlled autobahn between West Germany and Berlin today for brief training periods in the Communist-surrounded city.

A motorized company of 150 riflemen rolled out of its West German base at Bamberg, Bavaria, and headed for the autobahn and Berlin today to inaugurate the program.

Due to train several days in Berlin and then return to Bamberg, the unit is Co. D of the 1st Battle Group, 15th Infantry, 3rd Division. It is commanded by Capt. Rex L. Holland of Glencoe, Okla.

Units from the 6,500 man Berlin garrison will also be shuttled to West Germany for brief periods there.

BURNING CHINESE FREIGHTER—The Nationalist China freighter, Union Reliance, burns after a collision with the Norwegian tanker, M.S. Beran, in the Houston ship channel. Three persons were reported killed and seven missing. The ships, which were carrying oil and chemicals, burst into flames after ramming each other. (AP Wirephoto)

## Highlighted By Parade

# Big Veterans' Day Planned Saturday

The veterans' organizations and their auxiliaries of Sedalia and Pettis County have organized one of the biggest Veterans Day parades to be seen in Sedalia for several years.

Activities are to include a parade, speeches, placing of a wreath on the Doughboy statue in front of the courthouse, a three-vol salute and the playing of taps at the end of the activities.

The parade is to begin at Seventh and Ohio at 9:30 a.m. Saturday, and travel north on Ohio to Main, then west to Osage, south

## Theft Rash Breaks Out Overnight

A city-wide rash of tampering with motor vehicles in Sedalia was reported to the local police Thursday morning. Thefts ranged from breather apparatus for carburetors to expensive hubcaps, and reports were received from many parts of the city.

Mildred Garrigus, 2417 South Grand, reported that someone took the breather apparatus off the carburetor of her 1956 Dodge, while the car was parked on the MFA parking lot.

Jerry Esser, 1606 South Osage, reported that someone stole four Dodge lancer-type hubcaps from his Ford. He valued the hubcaps at \$40.

Francis E. Wallace, 811 East Fifth, reported that four hubcaps were missing from his car.

Joyce Ann Quint, 1005 East Seventh, reported that someone took the rear view mirror from the front fender of her 1956 Plymouth while the car was parked at her home. Leonard Quint, same address, reported someone took a rear view mirror from the left front fender of his 1957 Plymouth.

Sandra Sue Gregory, 1803 South Osage, reported that the hubcaps were stolen from her 1951 Ford.

David Dowdy, 1419 East Seventh, reported that someone stole the hubcaps from his 1958 Ford. He valued the hubcaps at about \$10 each.

Eva Shull, 917 East Seventh, reported four hubcaps stolen from her 1956 Ford. The hubcaps were valued at \$40.

Officers noted that the thefts included only the more expensive spinner-type hubcaps, and that the thefts occurred in groups, as if a car had stopped in one area, and a man or men left the car and took all of the desirable hubcaps in the area, then moved on.

Several leads have been obtained, police say, and officers are following these leads in an attempt to recover the stolen items.

## Killed In Crash

ODESSA, Mo. (AP)—Archie A. Neighbors, 75, of Marceline, Mo., was killed Wednesday when his car collided with a tractor-trailer truck at a highway intersection a mile west of Odessa.

Neighbors died in a hospital at Lexington, Mo.

The Missouri Highway Patrol reported he was southbound on Missouri 131 and turned east onto U. S. 40 in front of the eastbound truck.

## Miss Linda Reynolds Becomes Bride Of Mr. George Turner

The Hillside Christian Church in Kansas City North was the scene at eight o'clock Friday evening, Oct. 27, of the marriage of Miss Linda Kay Reynolds, daughter of Mr. and Mrs. William Kahrs Reynolds, Kansas City North, and Mr. George Henry Turner, son of Mr. and Mrs. Floyd C. Turner, also of Kansas City.

The Rev. Virgil G. Nalley, pastor of the Hillside Church, performed the double ring ceremony in the presence of the family and close friends.

Dr. and Mrs. William H. Reynolds, Sedalia, and Mr. and Mrs.

B. B. Ihrig, Smithton, are grandparents of the bride. Mrs. Carol Ehrhart was organist. She played several appropriate selections preceding the ceremony. Mr. Jerry Sullinger was soloist and sang "O, Promise Me" and "Because."

The altar was decorated with baskets of bronze mums and greenery. The candelabras were entwined with vines and held large gold satin bows.

The bride, given in marriage by her father, wore a costume suit of white silk brocade. Her short illusion veil fell from a small circlet of pearls. She carried a cascade bouquet of white roses and pompons on a white Bible.

Miss Michele Reynolds, sister of the bride, was maid of honor. She wore a silk costume dress of brocade in mist green and white. Miss Carol Turner, sister of the groom, was bridesmaid. She wore a silk costume dress of brocade, in gold and white. Each wore a small satin crown with short illusion veil and carried nosegays of gold and white mums. Miss Mary and Miss Margaret Turner, twin sisters of the groom, lighted the candles. Their dresses were of mist green and white.

## Loretta Fowler, Billy Burford Recently Wed

United in a double ring ceremony at seven o'clock Friday evening, Oct. 27, were Miss Loretta Maye Fowler, daughter of Mr. and Mrs. Edgar Fowler, Windsor, and Mr. Billy Dean Burford, son of Mr. and Mrs. W. C. Burford, Leeton. The Rev. Fred R. Raines performed the ceremony at the Calvary Baptist Church in Windsor.

The bride chose a royal blue wool sheath dress with black accessories. She carried a bouquet of pink rosebuds and white streamers tied in love knots on a white Bible.

Miss Carol Richwine, Ionia, served as maid of honor. She wore a turquoise blue wool dress with black accessories and a corsage of pink rosebuds.

The bridesmaid, Miss Betty Wells, Windsor, wore a turquoise blue jersey with black accessories and a pink rosebud corsage.

Mr. Walter Acker, Windsor, served the groom as best man with Mr. Carl Fowler, brother of the bride, as groomsman.

The bride is a 1960 graduate of the Windsor High School and is now employed as a bookkeeper at Utilitrol in Warrensburg.

The groom graduated from Leeton High School. He served two years in the Army and is presently employed for United Telephone in Warrensburg.

The couple left immediately following the ceremony for a short trip to the Ozarks. They will make their home in Leeton.

## Bridal Shower Given Honoring Mrs. W. Catlett

A bridal shower was given Friday evening at the home of Mrs. Earl Schroeder in honor of Mrs. William E. Catlett, the former Miss Sandra Eckles.

A gift table was covered with a lace table cloth over pink from which streamers of pink and white crepe paper were draped. Centering the table was a vase of pink and white variegated roses.

Several games were played with the winners presenting the gifts to the bride. Afterwards the honoree opened her many useful gifts.

The hostesses were, Miss Diana Breon, Miss Sue Horn, Miss Susan Sholl assisted by Mrs. Ruth Breon.

Refreshments were served. Those attending were: Mrs. Gladys Schouten, Mrs. Huddleston, Mrs. Leona Mae Farris, Mrs. Pansy Blakley, Mrs. Ruth Breon, Mrs. Jennie Weathers, Mrs. Francis Roark and daughters, Mrs. Sadie Scott, Mrs. Rita Minor, Mrs. Mary B. DeMonte, Mrs. Earl Schroeder, Mrs. Helen Siron, Mrs. James Eckles, Miss Susan Sholl, Miss Diana Breon, Miss Sue Horn, Miss Virginia Fisher and Miss Gladys Eckhoff.

Those sending gifts but unable to attend were: Mrs. Dorothy Tunstall, Mrs. Nonie Gage, Mrs. Anna Lee Bail, Mrs. Dortha Hardin, Mrs. Verna Horn, Mrs. Lula Harvey, Mrs. Pat Reichoff, Mrs. Perlie Williams and boys, Mrs. Faye Shull, Mrs. Bruce Richey and daughters, Mrs. Marilyn Acox, Miss Sara Lyne and mother, Mrs. Lowell Reavis, Mr. and Mrs. Robert Reavis, Mrs. Donna Baumgardner, Mrs. Virginia Sholl, Miss Hazel Eckles, Mrs. Lee Hudson, Mrs. Rena Tevis and Mrs. Sleeper.

Friends and neighbors sending gifts were, Mr. and Mrs. Dude Moon, Mr. and Mrs. George Fichter, Mrs. Velma Drake, Joe Buckley, Mrs. Paulina Kramer, Mrs. Ruth DeMoss and Mrs. Flossie Volrath.

## Lunch Box Causes Death of Worker

LOS ANGELES (AP)—A lunch box cost Michael Cuevas, 40, his life.

The employee of a printing plant ran back for it Wednesday when fire swept the building. Firemen found him suffocated in a storage room when they extinguished the \$100,000 blaze at Wolfer Printing Co., a downtown firm.

**ROYAL FAMILY** — The Shah of Iran and Queen Farah pose with their son, Crown Prince Reza, at home near Tehran. Boy will be one in late October.

## Women Protest Warlike Moves At UN Building

NEW YORK (AP)—More than 1,000 women, many wheeling baby carriages, demonstrated outside the United Nations Wednesday, demanding world disarmament and an end to nuclear testing.

The women were addressed by Arthur Dean, U. S. representative to the U. N. General Assembly and chief negotiator at the Geneva disarmament talks.

"We face one of the most ruthless despotisms any civilization has faced," Dean said. "If we were to disarm unilaterally, I'm sure not one of you would like to live under communism. I have two children and four grandchildren, so you see I'm interested, too."

The women described themselves as an unsponsored group, without officers or committees, and with headquarters in Washington.

## Reassuring Words For Governor's Wife

TRENTON, N. J. (AP)—Mrs. Robert B. Meyner has some reassuring words for Betty Hughes who will succeed her as New Jersey's first lady in January. Mrs. Mayner said Wednesday that Morven, the governor's mansion, has nine bedrooms, Gov.-elect and Mrs. Richard J. Hughes have nine children.

## SATURDAY

Western Style Square Dance sponsored by McCarty Twirlers at Whittier gym at 8 p.m. Ray McCarty and John League, callers.

## Officers Installed By Smelser 4-H Club

There were 22 members and three guests, Karen Kraft, Donna Kraft and Sharon Bennett, present for the regular meeting of the Smelser 4-H Club recently at the home of Gerald Smith.

Installation of officers was held with the following being installed: president, Mary Brandhorst; vice-president, Sharon Bennett; secretary, Sharon Smith; treasurer, Freddie Draft; reporter, Jackie Olson; song leader, Billy Winfrey; and game leader, Debbie Smith. Parliamentarian is Billy Powell.

The club decided on the club's activity. Enrollment cards were passed out.

Mary Brandhorst gave a report on her trip to the American Royal in Kansas City.

Demonstrations were given by Jerry Smith on "Fisherman's Knot" and by Debbie Smith on "How to Set a Table."

## Women's Guild Holds Luncheon Meet Thursday

The Women's Guild of the Immanuel United Church of Christ, met Thursday at the church at 11 a.m. for mission study under the direction of Mrs. Harley Vaughn.

Luncheon was held at noon for 37 members with the following serving as hostesses: Mrs. Edwin Bruening, Mrs. Marion Latham, Mrs. Orville Perkins, Mrs. Earl Eakins, Mrs. Armin Klemme, Mrs. Michael Wolfel and Mrs. William Anderson. Mrs. Fred Fuchs was a guest.

Mrs. Armin Klemme led in the worship of God. She read a poem entitled "The Ideal City." Mrs. Louis Satorius was at the piano. Boeshen assisted with the offering. Mrs. Klemme then read the poem, "If Jesus Came Back Today."

A filmstrip on the United Church of Christ entitled, "A Tangible Evidence," was shown. Mrs. Guil Flores Jr. served as narrator assisted by Mrs. Melvin Harrell.

Mrs. Ernest Liebel, guild president, conducted the business meeting. Mrs. Cloyce Wilson, Christian education chairman, reminded everyone to finish this year's required reading. Mrs. Orville Perkins will be in charge of the missionary study next month. The World Service packets were collected at the meeting.

Mrs. Nedra Zimmerschied represented the Guild at the fall synod meeting. Mrs. Norma Klemme, spiritual life chairman, reported ten cards, 11 bouquets and 21 visits were made to the sick and shut-ins. She reminded everyone that Sunday, Nov. 19, will be the dedication of the blue thank offering boxes. Part of the thankful thought Mrs. Klemme gave was "Christ has no hands but our hands, no feet but our feet, no tongues but our tongues to bring us to his side."

At the next meeting there will be a memorial service with the Christmas program.

It was voted to send a con-

## Miss Paula Neal Honored at Party

Miss Cynthia Stauffacher, Miss Janet Boysel and Miss Pam Wolf entertained with a going away party Saturday in honor of Miss Paula Neal, who is moving to Arlington, Tex., with her family.

Those present were: Gloria Smith, Janet Raybourn, Pamela Price, Stephanie Anderson, Mary Lou Greene, Ann Durley, Sandra Edwards and Priscilla Boone.

Invited but unable to attend were Janie Walker, Barbara Hausen and Vicki Nichols.

A gift was presented to Miss Neal by the group.

Refreshments were served.

tribution to the seminary appeal. Five members of the Guild attended the Mary Hurlbut luncheon. It was decided to again send a subscription of the church magazine, the United Church Herald, to the Public Library and to Bothwell Hospital.

A drawing for circles was held. Mrs. Mildred Wilson will be chairman of the Mary-Martha, Mrs. Beulah Griessen, chairman of the Dorcas Circle, and Mrs. Lena Brauer, chairman of the Ruth Circle. There will be a contest held in the near future for new members. The meeting concluded with recorded music.

**INSTALLED** — Mrs. Laura Riley, 1708 West Fifth, was installed Wednesday evening, as Regent of the Daughters of Isabella No. 310. Installation ceremonies took place at the regular business held in the Knights of Columbus Hall.

## Physician Reports Rayburn Very Weak

BONHAM, Tex. (AP)—Speaker of the House Sam Rayburn, stricken with cancer, was very weak Wednesday, his physician said.

In a bulletin on the 79-year-old

## The one low-price compact that's every bit as lively as it looks—Valiant '62!

You're looking at the sports-loving compact car given an award of merit by the Society of Illustrators for design excellence! Come see it!

Unlike some compacts, Valiant will take off like a scared kitten at the drop of a "Scat!" You'd have to pay extra for an optional engine in most any other compact at Valiant's price to match Valiant's standard 101-hp Economy Six.

A modified version of this engine shot Valiant to victory over all American compacts competing in the 1960 and '61 Daytona Beach compact car competitions! Yet, for all its go, Valiant puts plenty of care-free miles between gas pumps. A Valiant scored 26.13 mpg in the last Mobilgas Economy Run!

And this new Valiant has the distinctive good looks to match its gumption. America's most famous artists recently honored the 1962 Valiant. For the first time in seven years, the Awards Committee of the Society of Illustrators has bestowed its coveted citation on a car—Valiant!

That's even more proof that the 1962 Valiant is indeed the Style Leader of the Compacts!

For looks and liveliness, you just can't match Valiant at Valiant's low initial price! And this year's Valiant offers a bundle of economy extras. Like half-as-often oil changes and almost-never 32,000-mile lubrication on major chassis points. See your Plymouth-Valiant dealer. Drive the low-price compact that's quality-engineered by Chrysler Corporation. Find out why ...

**Nobody beats VALIANT for value!**

## Committees Appointed By South Abell

Seventeen members, four leaders and two parents were present for the meeting Thursday evening of the South Abell 4-H Club at Community Hall.

A session was held on discipline during the meeting and for not giving demonstrations when scheduled to.

A discussion was then held on a sale to be held Saturday.

The group then decided to participate in the Share-the-Fun night.

Committees were appointed as follows: membership, Harold Dean Franklin, chairman; Ronnie Hickam, Sharon Moore and Dennis Bryon; adult advisors, Mr. and Mrs. Lloyd Moore and Mr. and Mrs. George Franklin; community improvement, Larry Moore, chairman; Bobby Bohon, Sheryl Schneider; adult advisors, Mr. and Mrs. R. F. Middleton and Mr. and Mrs. Charles Hickam; health, Evelyn McPatrick, chairman, Richard Spears, Rodney Thomas, adult advisor, Helen Anderson; recreation, Jane Hickam, chairman, Lynn Middleton, Larry Schneider, Charlie Bohon, adult advisors, Mr. and Mrs. L. C. Schneider and Mr. and Mrs. R. R. Thomas; grooming, Monica Middleton, chairman, Stanley Bohon, Koris Thomas, adult advisor, Mrs. J. L. Morrison.

Charles Bohon gave a demonstration on "How to make a Wastebasket."

The next meeting will be held at the community hall at 7:30 p.m. Dec. 7. Plans will be made for a Christmas party.

## Epworth WSCS Holds Regular Meet Thursday

The Woman's Society of Christian Service of Wesley Methodist Church held its regular meeting Thursday.

The worship service in the parlor was conducted by Mrs. Charles Mawhorter. The program, "Jesus Christ, the Light of the World," was the theme with Mrs. T. A. Huffine as chairman, assisted by Mrs. Nina Sparks, Mrs. Maurice Schillb and Mrs. Jewell Nave.

The devotional was given by Mrs. Roy Brown. Mrs. Walter Niles assisted by Mrs. Fred Mark showed a film "The World in a Word." Special music was a piano solo by Mrs. David Eisenstein.

Mrs. Myron Linquist presided at the business meeting. Committee chairman gave their reports. Mrs. Harry Linstrom read a letter from the Butlers, missionaries in Africa, and who are sponsored by the Wesley Methodist and First Methodist churches.

Mrs. R. M. Stonner reported on the book study held in October and announced another book study to be held at the Epworth Methodist Church, Nov. 9, 10, 13 and 14 with Mrs. Ballridge of Springfield as teacher.

The closing meditations were given by Mrs. Pat Asbury. Greeters were Mrs. R. E. Taylor and Mrs. Lillie Zuhn. Luncheon was served by Circle 5, Mrs. R. V. Miller and committee.

## Bothwell Extension Visits Buena Vista

The Bothwell Extension Club met at the home of Mrs. Charles Wise Wednesday.

Mrs. Marvin Wood and Mrs. James Mullins were guests and 22 members attended.

A devotional was given by Mrs. Lorena Sprinkles. Mrs. Lester Sprinkles read a poem "Security."

After a short business meeting the club adjourned and went over the Buena Vista Home to put on a program for the ladies. The program opened with the entire group singing hymns accompanied by Mrs. Edith Crumbles on the accordion. Mrs. Ruth Henderson, dressed as a little girl, played the piano and sang. Mrs. Pearl Abney, Mrs. Edward Rehmer, Miss Eva Wasson put on a Negro mock wedding. The program was closed with the entire group singing hymns. Refreshments were served to the ladies.

The next meeting is to be a Thanksgiving supper on Nov. 18 at 7 p.m. at the Bothwell School for the community, also in memory of Mr. Bothwell's birthday. Everyone interested is invited to come and bring a covered dish.

The next regular meeting will be with Mrs. Lester Sprinkles Dec. 7.

# Ann Landers

## Answers Your Problems

Dear Ann Landers: I married a psychiatric social worker who is in private practice. I've seen him untangle emotional problems for desperately unhappy couples. He has worked miracles for people in need of counseling, but I can't get him to help me with MY problem—his.

We've been married four years and I don't know of another wife who is alone as much as I am. He is busy from morning until night. I'm sick of competing with his patients for time and attention. When I tell him I need more time with him he pretends not to hear me.

You would think with his knowledge and training he'd understand my needs; instead, he acts as if I don't exist. Please help me—NEGLECTED.

Dear Neglected: Those who possess knowledge and training don't always have the ability to apply that knowledge and training to their own lives.

We all know physicians who warn their patients against obesity while they themselves lug around 30 pounds of excess weight. And what woman has not seen a beauty operator who can do wonders for a client when her own hair looks as if it had been stirred with a stick?

Your husband ought to work out his unresolved emotional problems with another therapist. Tell him the shoemaker's wife is tired of going barefoot.

Dear Ann: A friend of mine has a two-year-old child who eats dirt, out of potted plants, crayons, lead-pencils, paper—almost anything he can get his hands on.

I raised four children and none

of them behaved like this. I think there must be something wrong with the boy. Is there a chance that he is retarded? Please reply in the paper because the child's mother is a faithful reader and I want her to see it.—A FRIEND.

Dear Friend: Most very young children put all sorts of things in their mouths as a means of exploring the world around them. This child, however, may have a deficiency in his diet. I hope the mother will see this column and take him to a physician.

Dear Ann Landers: Our beautiful daughter is seriously considering throwing herself away on a fellow who is from the wrong side of the tracks. Her father and I are beside ourselves.

We brought up this girl with every advantage. She has had fine schooling, a European tour, and lovely clothes. The boy works in an office during the day and goes to school at night. It will take him at least six more years to be a lawyer. I don't believe he has a suit of clothes to his name. His parents are very ordinary people and can do nothing for him.

We've tried to talk some sense into her head but we can't seem to get through to her. Please tell this stupid girl that the apple doesn't fall far from the tree. Thank You—GETTING NOWHERE.

Dear Nowhere: Your daughter isn't going with an apple—she's going with a young man. And he sounds like a pretty solid one to me.

You should be pleased and proud of your daughter for selecting a fellow who is working hard to achieve something. She has a sound set of values in spite of her snobbish parents. You're welcome. C 1961, Field Enterprises, Inc.

# Make Second Appeal Try For Andrews

LEAVENWORTH, Kan. (AP) — A second appeal effort was launched Wednesday on behalf of Lowell Lee Andrews, one-time University of Kansas sophomore under sentence to hang for slaying his parents and sister while he was home on Thanksgiving vacation three years ago.

Judge Kenneth Harmon accepted a writ of habeas corpus filed in Leavenworth County District Court and set a hearing on it Nov. 21. This had the effect of blocking Andrews' execution until the new legal action runs its course, perhaps all the way to the Supreme Court of the United States.

Andrews was scheduled to die March 9 but his attorneys got a stay from Judge Arthur J. Stanley Jr. in federal court, two days before the scheduled execution, in order to make an appeal to Washington. The Supreme Court declined to hear the appeal, on a technicality.

The new effort was initiated by Richard C. Allen and James Ahrens, professors of the school of law at Washburn University in Topeka. They contend the psychiatric aspects of the murder case were not properly handled and the appeal to the Supreme Court did not bring the real issues to test.

Their petition for the writ of habeas corpus contends Judge Harry B. Miller Jr., who presided at the murder trial in Wyandotte County District Court, should have instructed the jury Andrews would not go free if he were acquitted by reason of insanity.

This failure, they argue, resulted in an unfair trial. Andrews is a prisoner at the state penitentiary. His family lived in a rural section west of Kansas City, Kan. He did not express any hatred for his parents and sister and did not give any particular reason for suddenly slaying them.

# Profs Protest Horrible Odor In Campus Air

ORONO, Maine (AP) — The president and trustees of the University of Maine are pondering the answer to a question posed by 206 faculty and staff members: "What do we do about this awful smell?"

The odor comes from the Penobscot Chemical Fiber Co. plant in nearby Old Town. It's the result of a process of paper production in use since August.

The question came in a petition circulated by some of the professors. About a dozen signers say they will leave the school if something isn't done to limit the stench.

University president Lloyd Elliott and the trustees plan to meet with paper mill officials to discuss the problem.

The manager of the paper mill, Frank Harlow, said the odor is not toxic, but he added he doesn't like the smell either.

# Windsor Sailor Is In Basic Training

Melvin L. Hudson, son of Mr. and Mrs. Melvin R. Hudson of Route 2, Windsor, is undergoing nine weeks basic training at the Naval Training Center, Great Lakes, Ill.

The training progress includes military etiquette and drill, physical conditioning, swimming and survival, first aid, shipboard safety precautions and security duty.

Each new bluejacket receives individual counseling to help him enter one of the Navy's 67 career fields.

RICHARD II

Medieval nicknames gave birth to lots of modern last names. Before we had last names, nicknames were a way to tell one Tom, Dick, or Harry from another. Nick names for "Richard" included Hud, Dick, Rick, Rich, Hitch, and Hick. Scores of family names have sprung from Richard and its nicknames—names like Hudson, Dixon, Ricketts, Ritchie, Dick, Hicks, Hitchcock, Rich, Prichard, Richardson—and of course, Richards.

PATTERSON'S

At Regional Conference

GOPs Contend White House  
Spokesmen Distorted Facts

ST. LOUIS — "White House Regional Conference" ended Wednesday night.

Republican observers claimed the administration spokesmen "presented distorted facts, refused to answer embarrassing questions and resorted to political campaigning for new frontier programs" in the conference.

Two cabinet members maintained the nation has made tremendous strides on the domestic scene under Democratic leadership but still faces severe problems.

Secretary of Commerce Luther H. Hodges said the last 10 months have witnessed the "fastest pick-up of the American economy of any similar period since World War II."

But, he said, the economy must

further be strengthened to meet a mounting challenge in trade from the Soviet Union as well as economic challenges in competition from Japan and Western European nations.

Secretary of Health, Education and Welfare, Abraham Ribicoff said at the windup session Wednesday night the nation should not become so preoccupied with crises abroad that we ignore our problems at home.

Robert O. Snyder, Republican state representative, said he could not get the floor at the recovery and growth panel Wednesday.

Snyder said he finally managed to ask Kermit Gordon, member of the President's Council of Economic Advisers, where he intended "to get the \$300 billion difference between the amount of the Social Security trust fund plus anticipated revenue from present beneficiaries and the benefits which must ultimately be paid them."

"All Gordon said," Snyder reported was "man, that's only \$6 billion a year for 50 years."

Other Republican leaders, including National Committeeman Francis Corley, maintained the conference was nothing more than a vote grab.

An estimated 3,000 persons attended the two-day conference which was directed by a staff of some 40 administration officials.

The new frontiersmen devoted most of their time to explaining the operation of various federal programs, stating the problems they encounter and answering questions.

Similar meetings are to be held in 10 other major cities.

Hodges, in his windup speech said "when this administration took office the country was suffering from a recession—its third in six years."

"About 5,500,000 people were unemployed. Industrial output had slumped about nine per cent from its high of the year before . . . There was a run on our gold reserves."

Hodges asserted that the recession has ended: "There is confidence in our dollar and our economy is growing again. Industrial output has increased more than nine per cent since a low-point in February and unemployment has finally dipped below four million."

River Engineer  
Observes 100th  
Birthday on Job

CARUTHERSVILLE, Mo. (AP)—Sterling P. Reynolds, known here as "the greatest engineer on the Mississippi," was 100 years old today.

Still active as chief engineer of the St. Francis Levee District, president of the Little River Drainage District and member of the Tennessee-Missouri River Bridge Commission, Reynolds had a busy schedule lined up.

He was to be honored by the levee district, which he has served 62 years, and by citizens of Caruthersville, where a park bears his name.

Reynolds, who goes to the office every day, says he owes his long life "mostly to behaving myself and working hard."

Mayor Saves City  
A \$22 Repair Bill

NEW ORLEANS, La. (AP)—Mayor Victor Schiro's chauffeur returned from a repair shop with an estimate of \$22 for straightening a dented hubcap on the mayor's official car.

"No soap," said the mayor. He got a hammer and pounded out the dent himself.

**THIEFPROOF**—Money bag snatchers of the future are due for a surprise if this case, shown in London, comes into universal use. Its workings: Thief snatches case; bank messenger's thumb pressure is removed from handle, setting in motion the "surprises." Handle depresses to hold thief's hand in vise-like grip; three steel telescopic arms, each six feet long, shoot out in different directions, making it impossible for car getaway, and an automatic whistle sounds off loudly to summon the police.

**IMPERIAL OF 1962**

IMPERIAL LE BARON FOUR DOOR SOUTHAMPTON

*A forthright challenge to everyone  
who plans to buy a luxury car this year*

In a few days, you will receive a personal invitation to drive a 1962 Imperial.

Not the usual vague "see your dealer" . . . but a specific challenge to compare your own car with the best Imperial we've ever built.

At your convenience, a dealer in your area will deliver a 1962 Imperial to you . . . for a thorough comparison-tour that you conduct by yourself.

We believe anyone planning to invest from five to seven thousand dollars in an automobile is entitled to the unembroidered facts right from the car itself.

Naturally, our dealers explain the advantages of torsion-bar suspension . . . tell you how the alternator supplies current even while the engine idles . . . quote engineering data on the superior performance of our new transmission . . . and answer any other question you ask about Imperial.

But you can find out only so much about Imperial by mere listening. To give the facts substance and meaning you must drive and compare.

So, when our invitation arrives, take us up on it. It obligates you not at all. And whether you eventually buy an Imperial or not, you'll never forget that once you drove a car which handled and accelerated and thrilled as a great car is supposed to.

**R.S.V.P.** Even though our invitation may somehow miss you, an Imperial comparison-tour may easily be arranged by writing on your letterhead to: General Manager, Imperial Division, 12200 East Jefferson, Detroit, Michigan.

## Kansas City Headquarters For People-to-People Plan

KANSAS CITY (AP)—International headquarters of the revitalized People-to-People program is going to be in Kansas City.

President Kennedy launched the new effort at international understanding Wednesday and announced Gen. Dwight D. Eisenhower will be chairman of the trustees.

Joyce C. Hall, the Kansas City greeting card maker and art connoisseur, will head the executive committee. His Hallmark Foundation has put up the money and will lend organization impetus to the new effort, to be known as People-to-People Inc.

Others on the executive committee will include Walt Disney,

native of Marceline, Mo.; Dr. Franklin Murphy, chancellor of the University of Kansas before he moved to a similar post at the University of California at Los Angeles last year, and Albert F. Hillix, Kansas City attorney.

Gen. Eisenhower is en route to Kansas City to speak Friday afternoon at the re-dedication of the Liberal Memorial and the People-to-People executive committee will hold its first meeting Saturday in Memory Hall at the Memorial.

More than 50 ambassadors from foreign lands are expected in Kansas City for the ceremonies at the great shaft overlooking the Union Station plaza.

Hall said:

"It will come at a time when the 40-year-old memorial, one of the Midwest's best known monuments, will be re-dedicated to the people of the world as a symbol of international understanding.

"People-to-People can give citizens in every community an opportunity for personal participation and individual action in behalf of world stability and understanding among peoples.

"It is a privately supported effort, directed by leading and responsible Americans to strengthen friendships between Americans and other peoples of the world. Its main means of contact is between individuals."

Among those who have accepted appointments as trustees are Roy A. Roberts, president of the Kansas City Star; Charles Tillinghast, president of Trans World Airlines and Dr. Charles Kimball, president of Midwest Research Institute in Kansas City.

## Trust Honesty Of People On Austin Streets

AUSTIN, Tex. (AP)—A little white box appeared this week on a downtown Austin street where the generous can give and the needy can take—both anonymously.

"If you are in need, take help from a friend unknown. Repay by helping someone else," says a note on one side.

No one seems sure who put up the box. Millam B. Evans, a barber who can see it from his shop, thinks he knows. He said a customer recently mentioned the idea, and "then one morning there was the box."

A dollar bill, three quarters, two dimes, two nickels and three pennies were in the box Wednesday.

"One thing I've noticed," Evans said. "When someone takes money, they never take it all."

## 350 Foreign Aid Employees Dropped

WASHINGTON (AP)—The government has dropped 350 foreign aid employees from the payroll in setting up the new Agency for International Development.

The dismissed employees had worked for the International Cooperation Administration, which went out of business when the new agency was created.

Many of those dismissed, foreign aid officials said Wednesday, were specialists whose specialty no longer is needed.

Layoff notices were sent out last Friday.

## Atomic Ship About Ready To Push Off

CAMDEN, N. J. (AP)—The NS (for nuclear ship) Savannah, sleek and slim, is in its Delaware River slip today—just days away, or maybe only a few hours, from having its concrete-circled boiler loaded with radioactive fuel.

This white-painted vessel is the world's first nuclear merchant ship—a \$45 million U. S. experiment.

Today was "rehearsal day" for the atomic technicians at the big New York Shipbuilding Corp. yards where the Savannah was born, in 1957, and built. They went through the motions of filling the pressurized water reactor—regarded as the world's most advanced atomic power plant—with the hot fuel that will make the Savannah go. Newsmen were allowed to watch the simulated loading operation.

Sometime in the next 10 days—the date is secret—the real stuff will be loaded. Only authorized personnel will be there then—and the Atomic Energy Commission will announce the loading when it is an accomplished fact.

The reactor in the Savannah—actually nothing but an intricate boiler—is the same basic type that since 1955 has powered the world's first nuclear submarine, the USS Nautilus.

But it has some new designs that makes the Savannah power plant different from any others. The task of firing the reactor is a tricky, dangerous business. Extraordinary safeguards must be taken.

A spokesman says the 22,000-ton, 395-foot Savannah will remain tied up here for possibly three months while the reactor is checked and double-checked. Then the sea trials will begin.

The vessel will be operated by the United States Lines of New York and will be captained by Gaston R. DeGroot, 56, from Huntington, N. Y. It will carry a cargo load of 10,000 tons plus 60 passengers and a crew of 110.

It is expected that the heat atoms produced by the uranium encased in some 164 stainless steel rods in the reactor core will produce power for 3½ years before refueling is necessary.

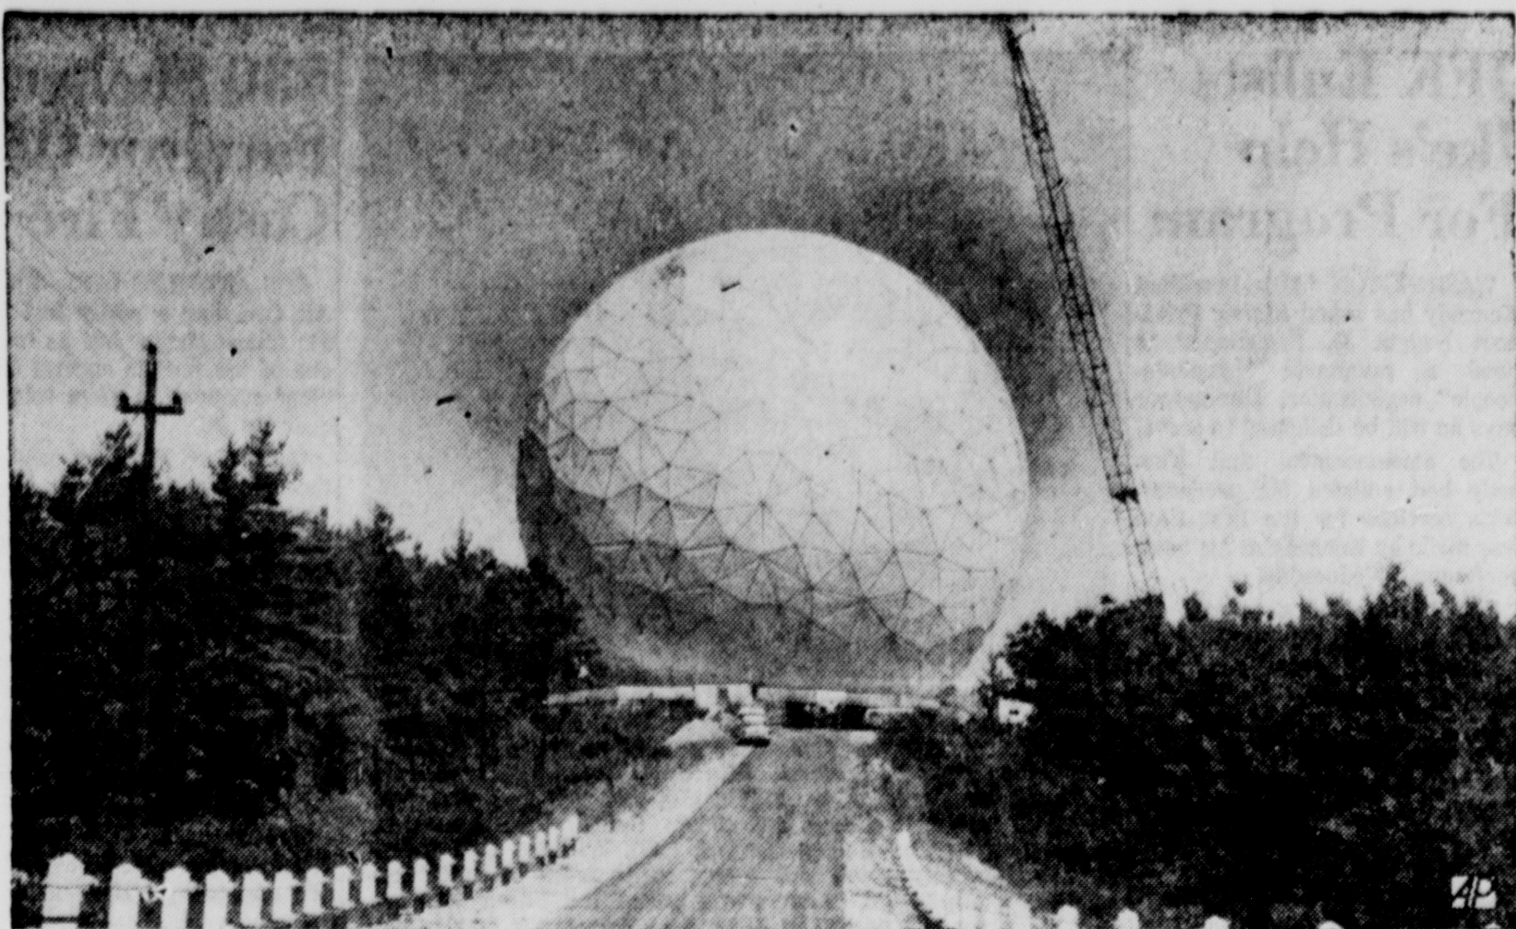

## Pressure Suit Might Be Aid To a Sick Man

SANTA MONICA, Calif. (AP)—John Pastor has a new suit and now he may be able to work again.

The Air Force gave an obsolete pressure suit to the 60-year-old victim of abnormally low blood pressure. This disorder had kept him bedridden for a year. He couldn't walk 10 feet without fainting.

But with the pressure suit he can walk into his yard and back, he said Wednesday. With a pressure bulb he pumps air into its inflatable portions.

Said his wife: "We'll just have to wait and see how it works. But he was able to walk, which he couldn't do before."

**ANTENNA APPROACH**—Sphere on top of hill in Tyngsboro, Mass., is the world's largest radome. It'll house a highly sensitive Air Force antenna to be used in satellite communications. Facility is to be in operation by end of 1962.

## At Wednesday Meeting

## Lions Hear Details On Bond Issue To Improve Airport

The Sedalia Lions Club, Wednesday, saw a picture on the importance of a modern airport to any average American city. The picture was presented through the Airlines Association and the courtesy of the Ozark Airlines.

The program was in charge of Ray Anderson, airport manager, of the Sedalia Municipal Memorial Airport.

Following the showing D. Kelly Scruton, a member of the Board of Airport Commissioners, outlined plans for bringing the local airport up to qualifications for commercial air service. He explained the need for the rebuilding of the main runway, and reported on specifications as approved by the Federal Aeronautics Association.

He told of the matching fund program of the government. He also explained the sudden call for the \$200,000 bond issue was due to the closing of the funds by the FAA for fiscal year 1961-62 to those cities desiring to participate in the program as of Oct. 31.

Sedalia, he said, was fortunate in being able to make their application to the government before the 31st and were given an extension on the plans and specifications and the bond issue for the matching funds until the last of November. "Sedalia definitely will

participate in the present funds if the bond issue is passed," Scruton said.

Plans and specifications for the airport were completed this week by Ralph W. Spears, airport consulting engineer, of Kansas City. The plans and specifications have been forwarded to the district engineers, Kansas City.

The estimated funds needed for acquiring lands, clear zone easements, construction, and other facilities amounts to \$428,000. Of this total the government will pay \$214,000 and the city \$214,000. However, the city is being given credit for the land acquired a year ago and engineering fees to the amount of \$14,000, hence the city's present needs will be \$200,000, the amount of the bond issue.

He explained the Board of Commissioners had proposed the bond issue more than a year ago, but it was not fully decided upon to present the issue to the voters until the deadline for funds information was received the first part of October. To participate and to get work going on the airport by next spring it became necessary to make the request now and ask the voters to support the issue.

The bond issue will be voted upon Tuesday, Nov. 21, and will be held in all 16 precincts of the city.

## Hubby of Woman Flyer Seeking Divorce Decree

SAN DIEGO, Calif. (AP)—Aviator Aileen Saunders' husband is suing for divorce.

In a complaint filed Wednesday, Walter B. Saunders, 46, charged his wife, 36, twice winner of the annual "Powder Puff Derby," had affairs with other men and taunted him with the details.

He also alleged that she had threatened him many times with a gun and requested a court order barring her from annoying, attacking or molesting him.

They were married in Coeur d'Alene, Idaho, in 1934, and separated Tuesday.

## Fishermen Find Soviet Vessels Near US Coast

CHATHAM, Mass. (AP)—Five Chatham fishermen reported Wednesday they found a fleet of 32 Soviet trawlers and two mother ships only 21 miles from Pollock Rip Light, just off Chatham.

That's the closest the Soviet ships have been reported to shore.

Capt. Richard Chase, skipper of the Dragger Bun-Di and spokesman for the entire Chatham group, said there were so many of the Soviets "they are crowding us off the banks."

The Soviet fleet is less than 50

## Dies of Injuries From Football Game

OAKLAND, Calif. (AP)—A 12-year-old boy died Wednesday of a skull fracture suffered in a playground football game. Michael Rogers was injured Tuesday while trying to catch a pass.

## Rough Living Failed to Cut Into Life Span

MERCED, Calif. (AP)—George J. Trimble—who said he was dedicated to whiskey, women and independence—died Wednesday at the age of 104.

He came West in his 20s and "rubbed elbows with some of the best and worst gunfighters." He was a deputy marshal in the Southwest and a gold miner.

At the age of 97 he was arrested in a Merced tavern for hitting an 83-year-old man with a cane. He said the man made offensive remarks to a 72-year-old woman.

He recently entered the Merced County Hospital, but frequently sneaked off.

"I go back there only when I don't feel the overwhelming need for liquid nourishment," he explained.

miles from Hyannis Port, where President Kennedy has his summer White House, and where he spent most of the weekends last summer.

## Couple Offers To Trade Child For Automobile

SALT LAKE CITY, Utah (AP)—A policewoman arrested a Salt Lake City couple Wednesday and said they tried to trade their youngest daughter for a late-model used car.

Auto dealer J. S. Baker told police the man and woman had approached him with the proposition.

Baker and Policewoman Fran Kari, posing as Baker's wife, were waiting when the couple returned with their children—a boy 3, a girl, 2, and a 6-month-old daughter—to complete the deal.

Mrs. Kari said the man told them he needed a car to find a job.

"I told the people it was worth it to me if it was worth it to them," said Mrs. Kari. "They both replied, smilingly, that it was."

jailed for investigation of attempting to sell a child, a felony, were Clark Lynn Evans, 30, and his wife Betty Lou, 19. Their children were placed in foster homes.

## OBITUARIES

**Mrs. Lucy F. Rennison**  
Mrs. Lucy F. Rennison, 85, 1008 East 12th, died at Bothwell Hospital at 8:15 p.m. Wednesday. She had been ill for the past ten days.

Mrs. Rennison was born in Saline County, Aug. 17, 1876, daughter of the late John and Mary Jane Howard Hood. She lived all of her life in Saline County until ten years ago when she came to Sedalia to reside.

In 1903 she was married in Saline County to Albert L. Rennison. They were the parents of two daughters. Mr. Rennison died Jan. 5, 1920.

Mrs. Rennison was one of a family of seven children. She was preceded in death by two brothers, James Joseph Hood, and four sisters, Mrs. Mamie Spry, Mrs. Betty Culbertson, Mrs. Susie Wood and Mrs. Sally Sears. Mrs. Rennison was a member of the Heath's Creek Baptist Church.

She is survived by two daughters, Mrs. Dorothy Williams, 108 East 12th, with whom she made her home; Mrs. Mattie Bell Johnson, Slater; and two granddaughters, Mrs. Dorothy Williams, 1008 and Shirley Lee Williams.

Funeral services will be held at Miller's Chapel Church at 2 p.m. Saturday. The Rev. Edward D. Vance, pastor of the Church of the Open Bible, will officiate.

Burial will be in Miller's Chapel Cemetery. The body is at the Ewing Funeral Home.

**Mrs. Emma Shackelford Riley**  
Mrs. Emma Shackelford Riley, 90, a former Sedalian, died Monday in Kansas City.

Mrs. Riley was born July 4, 1871, in St. Aubert, Osage County, and lived her early married life in Sedalia. Her husband, James F. Riley, was the founder and first grand president of the Brotherhood of Railway Clerks. He preceded her in death in 1927.

Mrs. Riley was past worthy matron of the Albert Pike Chapter, Order of the Eastern Star and a member of the Heart of America Rebekah Lodge.

Surviving are a daughter, Mrs. Hazel Frank, Kansas City, with whom she made her home; a son, Lyle C. Riley, Kansas City; a sister, Mrs. Minnie Walker, Tulsa, Okla.; a brother, Willis T. Shackelford, 1318 East Fourth; three grandchildren and five great-grandchildren.

Funeral services were held at 3:30 p.m. Thursday at Newcomers Chapel, Kansas City.

Burial was in Mt. Moriah Cemetery.

**Mrs. Ada R. White Rites**  
Funeral services were held at 2 p.m. Thursday at the Sweet Springs Baptist Church for Mrs. Ada Rozena White, 48, who died Tuesday in Kansas City, Kans.

The Rev. Roger Abington officiated, assisted by the Rev. Henry Smart, Kansas City, Kans.

Burial was in Fairview Cemetery.

**Esther Land Rites**  
Funeral services and burial were at 2 p.m. Thursday in Carmi, Ill. for Esther Land, 81, who died Monday at a California, Mo. nursing home.

The body was shipped Tuesday to Carmi, Ill.

## JFK Enlists Ike's Help For Program

WASHINGTON (AP)—President Kennedy has asked former President Dwight D. Eisenhower to head a revamped "people-to-people" organization. Eisenhower says he will be delighted to serve.

The announcement that Kennedy had enlisted his predecessor's services for the first time was made by Kennedy at his news conference Wednesday.

The President's statement included a cordial reference to Eisenhower, who just recently was coupling his support for Republican candidates in several elections with jobs at aspects of the Kennedy administration's record.

The people-to-people program was conceived by Eisenhower in 1956 as a vast effort to establish closer personal contacts between Americans of all occupations and interests and their opposite numbers in countries all over the world.

That year an organization was formed to carry out the program. It was dissolved in June 1958, but the United States Information Agency was to help its various committees to continue functioning. USIA continues to administer the program.

Eisenhower issued a statement at Gettysburg, Pa., saying he would go to Kansas City to discuss the program. The new organization has been incorporated as a nonprofit corporation under the laws of Missouri, with headquarters in Kansas City.

The new organization, USIA said, was made possible through financial and other assistance provided by Hallmark Foundation.

## Truman School Is Damaged By 3 Young Boys

HICKMAN MILLS, Mo. (AP)—Three 12-year-old boys have admitted \$500 to \$600 worth of vandalism Sunday at the Harry S. Truman Elementary School here.

No action has been taken against the boys, who were pupils at the school last year and now attend junior high.

School Supt. Tom V. Forkner said the boys wrecked mirrors, furniture, tile work and roof ventilators.

"They didn't have any reason," Forkner said. "They just got to daring each other. Unless you're 12 years old, you don't understand what a dare is."

## Equipment Not Best But Lads Obtain Results

SCOTTSVILLE, Ky. (AP)—Perhaps their equipment wasn't scientifically the best, but three teenagers had all the success of aeronautics experts, considering their experience.

Their craft: A balloon made of plastic laundry bags taped together and filled with gas. Their cargo: A medicine bottle containing a note asking the finder to notify the youngsters.

Tommy Crow, 13; Eddie Chisholm, 13, and his brother Flem Chisholm, 16, were delighted when Mickey Morris, 11, Craigfort, Ala., notified them he found the balloon in his yard.

## Report Mounting Tension in Katanga

ELISABETHVILLE, Katanga (AP)—Mounting tension between the U.N. and Katanga authorities was reported in the Lake Tanganyika port of Albertville today by Belgians arriving from the area.

The Belgians said U.N. officials were refusing to allow the Katanga army to move about and were preventing civil authorities from carrying out their functions.

Mo.; Chester Baslee, Kansas City; Theodore Baslee, 1112 East 13th; Paul Baslee, Boise, Idaho; and one sister, Mrs. Ruth Lenger, Ottaville.

Funeral services were held in a temple, Ariz., funeral chapel. Burial was in a cemetery there.

**Henry L. Pardoe Rites**  
Funeral services were held at 2 p.m. Thursday at the Latham Christian Church for Henry L. Pardoe, 40, Latham resident, who died Tuesday. The Rev. George R. Igo officiated.

Burial was in Latham Cemetery.

**Donald D. Haig, St. Louis**, charged with careless and reckless driving and leaving the scene of an accident, pleaded guilty and was fined \$60.

**John W. Forrester**, no address given, charged with parking in an alley, failed to appear and his \$2 bond was ordered forfeited.

**L. L. Freund, 811 West Seventh**, charged with parking in a loading zone, failed to appear and his \$2 bond was ordered forfeited.

**Red Rebels Ambush A Catholic Bishop**  
SAIGON, South Viet Nam (AP)—Communist rebels ambushed a Roman Catholic bishop in the southern delta region Wednesday, but he was rescued by a passing military convoy, a government spokesman said today.

**TALE OF A TOTEM—Members of the Alaskan Air Command's 317th Fighter Interceptor Squadron erect their "masots" in front of their trailer headquarters at Tyndall Air Force Base in Florida. The unit, based at Elmendorf AFB, Alaska, shed their arctic clothing for the trip, but brought along two genuine totem poles. The squadron came South to participate in the 1961 William Tell Interceptor Weapons Meet. Air Force units from all over the country compete in intercepting simulated enemy air attacks against the nation in the meet, held every two years.**

Surgery: Mrs. Walter Dexheimer, Route 1; Ollie Beckley, Kansas City.

Dental: Mrs. Lloyd Monsees, Smithton; Mrs. Thomas R. Kinde, 300 West Ave.

Dismissed: Mrs. Albert Clark and son, 212 East Cooper; Mrs. Amos Lutjen and son, Route 4; Mrs. Robert Horness and son, 1004 Sylvia Drive; Ben F. Burns, Florence; Master Vernon Young, Ottaville; Oscar A. Oehrle, 1720 South Prospect; Louis Mertgen, Florence; Mrs. Robert Johnson, 720 West Broadway; Clifford Nelson, Shawnee Mission, Kan.; Virgil Wigton, 600 West Fifth, transferred to Wadsworth Hospital; Mrs. Leonard Kroenke, 120 West Sixth; Anthony Wingate, Route 4; Mrs. John Morrison, Route 2.

**• Police Reports**  
E. E. Young, 545 East Fourth, came to the police station at 6:20 p.m. Wednesday and reported that he had found some furniture in the street in the 400 block of East Fourth.

The articles, a sewing machine, electric fan and a coffee table, were brought to the police station and later claimed by Charlotte Pearson, 500 East Third.

**• Police Court**  
Donald D. Haig, St. Louis, charged with careless and reckless driving and leaving the scene of an accident, pleaded guilty and was fined \$60.

**John W. Forrester**, no address given, charged with parking in an alley, failed to appear and his \$2 bond was ordered forfeited.

**L. L. Freund, 811 West Seventh**, charged with parking in a loading zone, failed to appear and his \$2 bond was ordered forfeited.

**Red Rebels Ambush A Catholic Bishop**  
SAIGON, South Viet Nam (AP)—Communist rebels ambushed a Roman Catholic bishop in the southern delta region Wednesday, but he was rescued by a passing military convoy, a government spokesman said today.

**Two Stars Facing Income Tax Liens**  
LOS ANGELES (AP)—The Internal Revenue service filed income tax liens Wednesday against singer Sammy Davis Jr., for \$82,238.66, and Guy Madison, an actor, for \$3,197.95, based on their 1960 incomes.

**Active Ike Role In Two Campaigns**  
HARRISBURG, Pa. (AP)—Former President Dwight D. Eisenhower will play an active but not dominant role in Pennsylvania's 1962 gubernatorial and senatorial campaigns, says Republican State Chairman George I. Bloom.

The GOP leader said Eisenhower assured him at a meeting in Gettysburg Wednesday that he will not attempt to dictate the choice of the party's candidates

**Accidents**  
A car parked in the 200 block on South Grand figured in an accident at 1:40 p.m. Wednesday.

According to the police accident report, a 1955 Buick, driven north on Grand by A/C Cecil Sartin, 22, 106 South Prospect, collided with a 1956 Chevrolet parked on Grand by Mrs. Lillian Welliver, Route 2.

The left fender of the Chevrolet and the right front fender of the Buick were damaged.

### • In Other Hospitals

COMMUNITY Hospital, Sweet Springs, Mo. — Admitted: Mary Hayslip, Houstonia; Thomas Mullen, Lexington; Riley Dennis Patrick, Booneville; Margaret Sprague, Houstonia; Dorothy Kinde, Concordia; William Hill, Sweet Springs; Katie Carpenter, Green Ridge; Florence Niemeyer, Sweet Springs; and Harry Warner, Sweet Springs.

Dismissed: Kenneth Falk, of Blackburn; Erly Davis, Sweet Springs; Larry Russell, LaMonte; and Mary Hayslip, Houstonia.

**Accidents**  
A car parked in the 200 block on South Grand figured in an accident at 1:40 p.m. Wednesday.

According to the police accident report, a 1955 Buick, driven north on Grand by A/C Cecil Sartin, 22, 106 South Prospect, collided with a 1956 Chevrolet parked on Grand by Mrs. Lillian Welliver, Route 2.

The left fender of the Chevrolet and the right front fender of the Buick were damaged.

Sartin was given a police summons for careless and reckless driving and is to appear in police court Friday morning.

A two-car accident occurred at 12:10 p.m. Wednesday at the intersection of Stewart and Morgan.

Involved were a 1953 Plymouth driven east on Morgan by Jack Lewis, 40, 515 North Morgan, and a 1953 Buick driven north on Stewart by Alfred Pummil, 37, 608 North Stewart.

The right front and right fender of the Plymouth and the front end of the Buick were damaged.

**• Circuit Court**  
Joseph W. Snorgrass was granted a divorce from Dorothy Snorgrass in Circuit Court Nov. 8. William F. Brown was the attorney for the plaintiff.

Dorothy J. Williams filed a petition for divorce against Leo P. Williams in Circuit Court Nov. 8. Earl T. Crawford is the attorney for the plaintiff.

James Everett Klein filed a petition for divorce from Mabel Klein in Circuit Court Nov. 8. Robert A. Heins is the attorney for the plaintiff.

**• Other Fires**  
Pettis County firemen extinguished a fire which damaged a city owned bulldozer at the City Dump east of Dresden at 10:55 a.m. Thursday.

County firefighters reported burning paper and trash blew under the machine and ignited grass and oil on the diesel engine. One booster line was used in dousing the blaze, which had gained considerable headway.

The bulldozer, owned by the city of Sedalia, is used by the sanitation department to push trash and garbage into pits at the city's sanitation fill.

Firemen made no estimate of damages to the dozer.

**Funniest Farmer On K&F Program**  
Dave Livingston of Washington, Iowa, who owns 730 acres of productive soil and who farms it or what ever part of it the government will permit him to farm—will be the guest speaker to address the Knife and Fork Club at its meeting Thursday evening at the Bothwell Hotel.

Livingston, a veteran of the platform and one of the nation's finest story tellers, has often been called "America's Funniest Farmer." It must be an accurate appellation for the Iowa farmer has repeatedly been called to make talks before many state-wide and area organizations.

## \$30 Shelter Survivor Of Costly Fire

LOS ANGELES (AP)—The Bel Air fire was a costly test for a \$30 fallout shelter but its builder, one of the world's experts on nuclear survival, is more sold than ever on it.

Dr. Willard F. Libby, winner of the 1960 Nobel Prize for his discovery of the carbon 14 "atomic clock," has little else left at his home—or pile of rubble—at 1916 N. Chantilly Road.

No street in Hiroshima could have looked worse than Chantilly Road. The UCLA scientist's sandbag shelter—minus its burned-up railroad tie beams—did much better than the house—or the rest of the neighborhood.

"I have more faith than ever in the shelter," Dr. Libby told this newsman today. "This shelter was designed against fallout—a radioactive powder—not fire. Had there been a nuclear blast, I have no doubt that it would have more than done its job."

He said that he will rebuild it with different supporting beams. The fire, which came right over the shelter, burned up the railroad ties but left the sandbags mostly intact.

"I'm thinking now about some new kind of beams. Steel would be good but might make it too expensive. I'll come up with something," he said.

"Don't forget, there's a big difference in protecting yourself from falling powder than fire. The ties would have worked fine against radioactive fallout."

"I've said all along that my shelter will work. Today, I say it more than ever."

The Libby "poor man's shelter" is a hole dug horizontally into the hillside back of what was once his home. As he shoveled out the dirt, he put into 100-pound burlap bags to construct walls three feet thick. Then he built another dirt wall in front of the hole with an offset. That's because radiation can't turn corners.

He laid the railroad ties above the sidewalls and stacked bags three feet deep at the beams. The shelter gave a dirt wall enclosure of 4 by 6 feet. The bags were all treated with zinc chromate, a chemical preservative. Other than a few holes, the bags were undamaged.

Mrs. Libby, who had to flee when the flames came, said she gave no thought to the shelter.

"I grabbed my mink coat and my husband's Nobel Prize and got out," she said.

**\$45,000 Sought In Claims Due Bankrupt Firm**  
MEMPHIS, Tenn. (AP)—More than \$45,000 is demanded in three suits filed Wednesday which a federal receiver claims is due the bankrupt Federal Grain Co. of Moberly, Mo.

The suits include one for \$21,833 against Mrs. L. V. (Jimmy) Butler for "money had and received from Federal Grain Co., Inc. during the period from May 9, 1960, to Oct. 3, 1960."

Mrs. Butler is the wife of a one-time multimillionaire commodities speculator who was declared bankrupt in 1955 and served a prison term for fraud.

Butler, when federal grain folded, was described as the company's senior executive officer and policy maker at \$1,000 a month. The other federal court suit claim \$17,300 for the Henning (Tenn.) Grain Company and \$6,000 from Reynolds Cotton Company of Memphis.

John D. Hux of Sikeston, Mo., appointed receiver for Federal Grain, said the money claimed was cash illegally paid to the defendants, or grain for which the defendants had not paid.

## About Town

Mrs. Fred Fuchs, formerly Lena Fritz of Sedalia, who is now residing in Ann Arbor, Mich., who has been visiting friends and relatives in and around Sedalia, has returned to her home.

Mrs. Fuchs came at this particular time that she and her long time friend, Mrs. Louise Metcalf, might celebrate their birthdays together. Mrs. Fuchs was 80 years old on Nov. 8, and Mrs. Metcalf was 80 years old on Nov. 5.

**JFK**  
(Continued from Page One)

and government but wound up: "Whether I can convince them or not, I don't know."

On other subjects, Kennedy had this to say:

News Conferences—Asked why he doesn't meet the press more often, Kennedy said the public interest justified his present schedule because most obvious topics deal with sensitive foreign policy. He'll hold conferences nearly every week after Congress reconvenes, he said, and wouldn't object to several a week if he considered them in the public interest at the time.

Eisenhower — Kennedy announced former President Dwight D. Eisenhower had agreed to serve as board chairman of a new "People to People" organization designed to promote contacts with citizens of other nations. The original program was established under Eisenhower in 1956.

South Viet Nam — Kennedy barred inquiries on what help the United States plans to extend to the beleaguered Southeast Asian country until both governments can review findings of a survey mission headed by Gen. Maxwell D. Taylor, the President's military adviser.

Fallout — Nuclear testing must be approached "with the greatest caution and hesitancy" because of the potential hazard from fallout, Kennedy said, but the United States must balance this with its responsibility to the Free World.

Berlin—Kennedy said it would be "wholly wrong" to suggest that West German Chancellor Konrad Adenauer seeks to rearm his country in order to wreak revenge for defeats in war. He termed Adenauer's visit to Washington later this month "of vital importance" in coping with the East-West crisis in Europe.

Trade—The United States must begin reshaping its trade policies now to deal with the European Common Market, which will "present us with major economic challenges, and I hope opportunities," Kennedy said.

Kennedy said talks last week among U.S. Cabinet and Japanese officials "succeeded in extending the concept of the American-Japanese partnership to the economic and trade field."

Soviet-Chinese Rift—The world can best judge differences between the two Communist giants by their actions, the President said. What really counts, he added, are threats posed to the Free World.

# Novel Reviewed at Sorosis Meeting Monday Afternoon

The novel "Pnin," by Vladimir Nabokov, was reviewed by Miss Bertha Daniel, of the faculty of Central Missouri State College, Warrensburg, in a delightful manner Monday afternoon at the meeting of Sorosis at Heard Memorial Club House.

Miss Daniel brought out the characteristics of this Russian scholar, Pnin, transplanted to a university where he teaches, who seemed to get into one quandary after another. The story even started with such a quandary, where, instead of following the train schedule laid out for him, when he was to go to another town to talk before a woman's club he went on his own, got on a train that didn't stop at the town, but after many things happened to him, finally got to the Women's Club meeting only to find he had the wrong speech.

# Legion Auxiliary Holds Meeting Monday Evening

American Legion Auxiliary 16 met Monday evening with 19 members present.

The president, Mrs. George Chambers, presided and after the regular business session introduced Mrs. Linden Lee Jones, who is Girls' State chairman. Mrs. Jones told of the results in securing sponsors for four Sedalia girls who attended this yearly affair. Miss Patsy Dooley, sponsored by Unit 16, was introduced and gave an interesting talk on "What Girls' State Meant to Me."

She told about the various phases of their stay at Girls' State which was held in June of this year, at Columbia, and said that she came away from the week's experience feeling that she had learned a lot about democracy in action and about local, state and national government and politics in addition to making a lot of new friends from over the state.

The civil defense committee chairman, Mrs. Russell Conn, Sr., introduced Russell Conn, Jr., civil defense assistant director for Sedalia and Pettis County, who told of a course in civil defense that is being conducted at the City Hall and asked that as many as could to attend.

He introduced Sgt. Summers from Whiteman Air Force Base who showed slides on nuclear warfare and told how to protect one's self and how much estimated damage would result to this area if a bomb should be dropped on Whiteman or even in the Kansas City area.

The local unit voted and passed several motions to help with rehabilitation of veterans both at the state and district level. This money is taken from the proceeds of the annual poppy sales.

The unit will hold its Christmas party at the home of Mrs. George Chambers the evening of Dec. 11. Each member is to bring a gift for exchange and gifts for the veterans at the Excelsior Springs hospital.

**HISTORY IN MOSAIC**—A workman cleans up a recently discovered mosaic floor at the ancient Roman city of Volubilis, near Meknes, Morocco. Long a site for archeological research, the ruins are a tourist attraction as well. Depicted above is some of the wildlife that was abundant during Roman times. With the drying up of the country in the last 1,500 years, most have vanished from the countryside.

## Tip From Agriculture

# Says Nation's Brainpower Is Not Properly Utilized

BALTIMORE, Md. (AP)—"If this country would apply the same brainpower and money to the problems of education as it does to agriculture, there would be a bumper crop of national benefits."

So says Dean Lindley J. Stiles of the University of Wisconsin, who believes the real frontiers of education have not yet even been approached.

Stiles told the Council of Chief State School Officers Wednesday that properly supported, education can become the same kind of scientific process that farming is today.

The federal government now spends \$160 million dollars a year on agricultural research, but only about \$5 million on research in education, Stiles said.

He urged the state superintendents and commissioners of education, holding their annual three-day meeting here, to support a proposal that the federal government appropriate \$75-million to \$100-million dollars a year for educational research.

Stiles said later, in an interview, "Farmers used to farm according to the almanac, folklore, and trial and error. That is the way too many of our schools are educating youngsters today. It is high time we consider the cultivation of the mind just as im-

portant as the cultivation of the soil."

Money spent for research and development in education, he said, would be returned many times over to the public.

"With proper research," Stiles said, "we can learn how, through education, to take a mentally retarded child and lift him to the point where he is a self-sufficient member of society. Today, that same child is kept in an institution—a tremendous loss and waste."

Stiles noted that the Department of Health, Education and Welfare can channel \$500 million a year into health and medical research, 100 times more than it has available for educational research.

"There is no doubt in my mind that we will lick cancer someday, just as we licked polio by putting our money and brains to work on the problem," he said. "And all the cancers of education can be licked, too, if we just go about it in the right way, the scientific way."

# 11 Rotarians Into Club At Monday Meet

Under the chairmanship of Don Lamm, a committee composed of Bill Rich, Lawrence Barnett and James Denny, presented to Rotary Club Monday noon at the Bothwell Hotel, the "Baby Rotarians" Bob Arensmeyer, Arnold Fisher, W. D. Hill, A. J. Harlan, K. K. Kier, P. E. Miester, Jack Vaughn and Lee Woodsmall.

Lamm discussed Rotary and presented pins to the new Rotarians. Ray Lippard presented Jess Brown, candidate for district governor, who gave each a framed plaque and also discussed the objects of Rotary.

K. U. Love reviewed the history of the project fund and W. B. Rich discussed the four way test giving to each new Rotarian an emblem for their desk.

James Denny, Lawrence Barnett and Oscar DeWolf also made brief talks.

The program chairman was John C. McLaughlin. The meeting was presided over by Keith Yount, vice-president, with Wendell D. Lawrence as song leader. Miss Lillian Fox was at the piano.

An announcement was made that the Rotary inspired Boys' Club of Sedalia will soon be in operation at Liberty Park Convention Hall, and all Rotarians are asked to donate any old sports equipment they might have. Rotarians Bud Brown, H. W. Harris, Bill Hopkins or Omer West may be called and they will arrange the pickup of equipment.

It was announced, also, that the National Rotary Convention will be held in Los Angeles, Calif., in 1962.

Guests were presented by Oscar DeWolf as follows: Rotarians Col. Irwin Graves, Warrensburg; Delley Williams, Steele, Mo.; Bill Lane and Dale Herrick, Smith-Cotton students.

Roving Rotarians: James T. Denny to Warrensburg; Harry Walch to Kirksville; Wendell Lawrence to Richmond and Higginsville.

## Woman, 100, Dies; Was Wed 82 Years

FAIRVIEW, Utah (AP)—Celestia Terry Peterson, whose husband died a month before they would have observed their 82nd wedding anniversary last year, died Wednesday. She was 100 years old. Her hus-

band, Peter, also was 100 when he died.

The Petersons were believed to have been the nation's longest-lived couple. They were married Dec. 11, 1878 at St. George, Utah.

THE SEDALIA DEMOCRAT—Sedalia, Mo., Thurs., Nov. 9, 1961

Mrs. Peterson's survivors include seven children, 47 grandchildren, 166 great-grandchildren and 152 great-great-grandchildren. Democrat Class Ads Get Results!

## In Bowling Tournament

## One of Best Women Bowlers In Country Will Perform

Sedalia bowling fans will get an unexpected treat this weekend during the Missouri State Women's Bowling Tournament, when Mrs. Laverne Carter, one of the country's best known women bowlers, will be seen in action. She is coming with the Laverne Carter Sock team which is captained by Flossie Argent.

Her first action in the tournament will be at 6 o'clock Saturday night when she starts rolling in the doubles-singles competition at Broadway Lanes. She will team up with Capt. Flossie Argent in the doubles, and it is most likely their names will top the list in the doubles event Saturday night. They will be on lanes 7 and 8.

## Whitey Ford Voted Hurler Of the Year

LAKE SUCCESS, N. Y. (AP)—Whitey Ford was as pleased as a rookie pitching his first major league victory when he learned he had been voted the 1961 Cy Young award as baseball's outstanding pitcher.

"You know something, he said, 'It's the first award I've ever gotten in 15 years in baseball. Oh, I did get an award once, but it was while I was in the Army and it was for hitting, not pitching. And the game was softball, to boot.'"

The southpaw star of the world champion New York Yankees appeared more excited than when he turned in 15 scoreless innings against Cincinnati in the World Series, breaking Babe Ruth's record of 29 2-3 consecutive scoreless innings in World Series competition.

"It's a big thrill," he said. "I remember when Bob Turley won the award several years ago and I wondered whether I'd ever be lucky enough to get it. It sure was worth waiting for. I can't think of another award I'd prefer over this one."

In the voting announced Wednesday night in Boston, Ford, 31, received nine of a possible 17 votes from a committee of the Baseball Writers Association of America to join such previous award winners as Don Newcombe (1956), and Warren Spahn (1957), Turley (1958), Early Wynn (1959) and Vernon Law (1960).

Spahn, the brilliant Milwaukee southpaw, was second with six votes. Right-hander Frank Lary, Detroit's 23-game winner, was named on the other ballots. One writer failed to vote.

Ford lost only four of 29 decisions during the regular season, becoming the first American Leaguer to win 25 games since Boston's Mel Parnell posted a 25-7 record in 1949. He won 14 games in succession at one stage, equalling a Yankee club record set by Jack Chesbro in 1904. He fanned 209 batters, only the third Yankee to reach the two century figure in strikeouts.

He has a lifetime record of 158 victories and 63 defeats for a .715 percentage, by far the finest of any active major league hurler with 50 or more victories.

## LODGE NOTICES

Pettis Chapter No. 279, O.E.S., stated meeting Friday, November 10th at 7:30 p.m. Degrees. The election of officers. Social Session. Visiting members are welcome.

Edna Lee Handley, W. M. Florence Staubli, Sec'y.

Sedalia Chapter No. 18 Royal Arch Masons will meet at 7:30 p.m. on Thursday, Nov. 9, Mark Master Degree following chapter meeting. All Mark Masters are urged to be present.

Marion L. Meyers, H. P. Francis Rudd, Secretary.

Sedalia Council No. 42 Royal and Select Masters regular meeting at 8:00 p.m. Thursday, Nov. 9. All Royal and Select Masters urged to attend.

Charles F. Pahlow, I. M. Francis Rudd, Recorder.

The annual Turkey Dinner of Sedalia Shrine Club will be held on Thursday, Nov. 9 at the Masonic Temple, Broadway and Missouri, at 6:30 p.m. for all Nobles and their ladies. Bring a covered dish and your own service. Turkey and drink will be furnished. WEAR YOUR FEZ. H. Handley, President. L. C. Judd, Secretary.

The regular meeting of the Veterans of World War I, U.S.A. Barracks No. 820, will be held at the Brinc Building, 1719 West Ninth Street, on the second Thursday of each month at 7:30 p.m. Paul Baum, Commander. I. C. Evans, Quartermaster.

Mrs. Carter also has her work cut out for her in the singles when she bowls to beat the 664 score set last Sunday by Mrs. Sharon Shaw of Warrensburg. Sharon rolled a 248-166-160 game for a 574 scratch and with a 90-pin handicap came up with the 664 series.

Mrs. Carter enters the tournament without a handicap and will have to pick up her score on a scratch game.

Her reputation in bowling circles is such that she is serving on the advisory staff of the Brunswick Company.

Her team will bowl in the team events at the Hillcrest Lanes starting at 11 o'clock Sunday morning. They will be bowling on lane 13.

The Laverne Carter Sock team is classed by local bowlers as one of the top "hot-shot" teams in Missouri, not to mention the tournament. The competition starting this weekend will grow tougher and tougher as the next six weeks roll by.

This weekend, starting Friday night with a team event series at Hillcrest at 9 o'clock and on through Saturday and Sunday up to 8 o'clock Sunday night at Broadway Lanes, 600 women bowlers from over the state will be participating in the tournament. This alone represents 120 bowling teams.

## Draftees Not Yelling About Army

FORT LEWIS, Wash. (AP)—The athletes Uncle Sam pulled into the Army because of the Berlin crisis aren't yelling "foul!"

"It's one of the things you have to accept as part of the times," said Pvt. Ray Nitschke, hard-muscled linebacker of the Green Bay Packers.

"I took an oath of obligation when I joined the reserves and never considered applying for deferment," Nitschke added.

"This," said Pvt. Tony Kubek, star shortstop of the world champion New York Yankees, "is a much bigger thing than any baseball game."

Three other prominent soldier-athletes of the 32nd Red Arrow Infantry Division expressed similar sentiment, said Lt. Robert Bjorklund, public information officer.

They are Pvt. Bob Taylor, Milwaukee Braves outfielder; George Thomas, Los Angeles Angels outfielder; and Doug Mayberry, Minneapolis Vikings fullback.

Boyd Dowler, Green Bay halfback, is expected to join the division next week. The unit will receive intensive training for battle readiness in the coming weeks.

None is overjoyed with the change in uniform, the interruption of career, the cut in wages. Each draws base pay of \$85.80 per month. Most, if not all, are in the five-figure salary class as athletes.

"I didn't make much more when I was down in the minors," grinned Kubek, revealing a chipped tooth—his first Army souvenir. He got it playing touch football with his new buddies in Company A, Third Battle Group, 127th Infantry.

"The Army is not an easy thing to accept," Kubek added. "You can hardly blame anyone for feeling a little bitter."

Most of the athletes have assignments similar to Kubek's. He is a rifleman. But the Army put the 235-pound Nitschke's muscles to work in the Quartermaster Corps, carrying sacks of potatoes, after making him a shirt. There wasn't a shirt in stock to fit his size 18½ neck.

The five men are listed as "fillers," extras pulled in from the reserves to fill out the division, a Wisconsin National Guard unit.

Kubek said he expected the Yanks to move Cletis Boyer from third base to shortstop, but did not know who might step in at third.

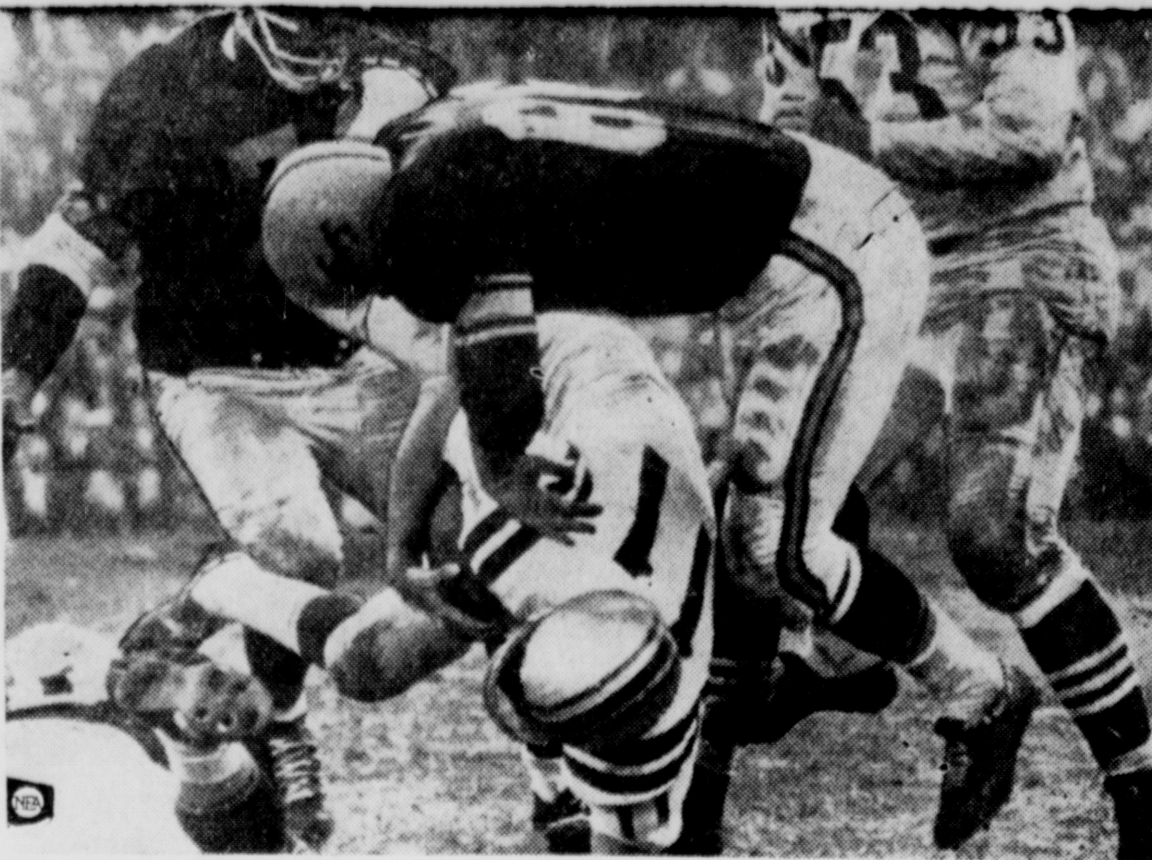

Nitschke watched on television Sunday as Green Bay, losing for the first time in seven games, was defeated by Baltimore.

"I tackled Mayberry two weeks ago when we played the Vikings," Nitschke remembered. "As we got up I told him I'd meet him at Fort Lewis."

He hasn't so far, but may yet locate Mayberry somewhere among the 13,000 soldiers in the Red Arrow Division.

## Three Pros Favored In Beaumont Golf

BEAUMONT, Texas (AP)—Doug Sanders, Jay Hebert and Fred Hawkins were among the favorites today as a field of 124, 10 of them amateurs, moved out in the \$20,000 Beaumont Invitational Golf Tournament.

In Beaumont's first tournament along the PGA trail in 20 years, the winner will bag \$2,300 and if it's Sanders, he can start moving up on the top money-winners of golf.

Gary Player leads with \$64,540.45 and Arnold Palmer is second with \$57,732.92. They are not playing in the tournament here. Sanders is third with \$53,513.23.

Hebert had a 6-under-par 65 Wednesday in leading the pros in a pro-amateur.

The tournament runs through Sunday.

## Team Allows More Yards Than Gained

By JACK CLARY  
Associated Press Sports Writer

The Citadel's 1961 Southern Conference football champions allowed more yards than it gained.

The Bulldogs are second in the conference in total offense with an average gain of 254.9—and last in total defense with a 292.9 mark.

A good part of the credit must go to quarterback Bill Whaley, who was the key to the Cadets' 14-8 title-clinching victory last Saturday over Virginia Military.

He passed or ran on 11 of the 13 plays The Citadel used to push over the winning score, winding it up with a 22-yard touchdown pass to Henry Mura. In all, he completed 10 of 16 passes for 150 yards. He ran for an additional 28 to account for all but 79 yards of the Cadets' 257 total offense.

Last week Whaley was weakened by a cold and The Citadel's best runner, Early Eastburn, suffered from a neck injury. After two days of intensive work this week for the game against Florida State, Coach Eddie Teague breathed a sigh of relief.

"We've had injuries to key players all season, but it's good to end our contact work with everybody shipshape. We'll need all the help we can muster against Florida State."

That's the way Baylor feels about its upcoming game against Texas, the nation's No. 1 team. The Bears have quarterback Bobby Fly, halfback Ronnie Goodwin and Dalton Hoffman still on the sidelines with injuries. Texas is missing its top fullback, Ray Poage.

Halfback Jim Cairns of Minnesota remains doubtful for Saturday's game against Iowa and another halfback Bill Monsey, the hero of last week's upset of Michigan State, is limping. Iowa allowed only University President Dr. Virgil M. Hancher and Athletic Director Forest Evashevski to view its top-secret practice sessions.

Missouri, which meets Oklahoma, will have defensive halfback Norm Beal ready for action. Notre Dame moved senior Roger Wilke to first-team tackle in place of Bob Bill as the Irish wound up heavy work for Saturday's game at Pittsburgh.

## N.Y. Titans Must Really Scramble

NEW YORK (AP)—The New York Titans, thought to be shoo-ins for the American Football League's Eastern Division title only three weeks ago, suddenly found today that they are going to have to really scramble.

The Titans, now third, play the Oakland Raiders here Saturday night, after a disheartening road trip during which they lost two of three games.

Boston (5-5-1) and Houston (4-5-1) are ahead of New York. Even if injured flanker back Don Maynard, their ace pass catcher returns to top form, the big problem still is the schedule.

"Look at it this way," says General Manager Steve Sebo, "the big story in the battle for the Eastern title is wound up right in that schedule. Boston is in a great spot, with only one more game against a team from the division."

"That means that while we must play Houston twice, and Buffalo again, Boston can sit back and watch the two of us kill off one another." Also the Patriots have two games left with Oakland (2-6), one with Denver and one with San Diego, plus their Houston encounter.

The Boston-Houston game is on tap this week at Houston. San Diego visits Denver and Dallas entertains Buffalo in other AFL activity.

## Wilt Seems A Cinch To Set Record

By THE ASSOCIATED PRESS  
Wilt (The Stilt) Chamberlain, of the Philadelphia Warriors, seems a cinch to set a record season individual scoring total in the National Basketball Association.

The former Kansas All-American tossed in 58 points Wednesday night to lead the Warriors to a 132-128 victory over the Detroit Pistons. That gave him an even 400 points for eight games. If he keeps up this 50-point per game average for the remaining 72 games of the regular season he will shatter his own NBA single-season scoring mark of 3,033 points. Wilt set the record last season in 79 games.

In other NBA action Wednesday night the New York Knicks ended a 4-game losing streak by drubbing the Chicago Packers 130-108 and the Los Angeles Lakers again whipped the St. Louis Hawks 124-118.

Chamberlain got his 58 points on 23 field goals and 12 free throws as the Warriors came from 11 points behind in the third quarter.

The Lakers also came from behind to whip the Hawks and strengthen their hold on first place in the Western Division. Jerry West and Elgin Baylor rallied the Lakers in a second-half attack that wiped out a 13-point St. Louis lead. West finished with 42 points and Baylor with 39.

The Knicks piled up a 39-20 first quarter lead against Chicago and had an easy time ending their losing streak. Richie Guerin, with 33 points, and Johnny Green, with 30, sparked the New Yorkers.

## Golfers Cast Wary Eye On A Newcomer

COLUMBUS, Ohio (AP)—Amateur golfers have given a sigh of relief, but the professionals of the game are casting a wary eye at a newcomer to their ranks—Jack Nicklaus, the most talked about amateur since Bobby Jones.

The Ohio State University senior, 21, who has won just about every amateur title around, including the National Amateur in 1959 and 1961, announced Wednesday that he is entering the play-for-pay field.

"I just decided I wanted to play golf," the stocky blond said. "And I owe it to my family to give them the best possible living I can."

"I started thinking seriously about the professional game just before the Walker Cup matches this year. I didn't have any school work or job to worry about. I just played golf. Then after the cup, I spent two weeks getting ready for the U. S. Amateur and my game really started getting good."

Nicklaus, who started swinging golf clubs when he was only 10, plans to drop out of school at the end of the autumn quarter—in mid-December.

"I hope to start my professional career in the Bing Crosby Invitational at Pebble Beach (Jan. 18-21)," Nicklaus said. "I finished my amateur career on that course and I'd like to start my professional one there."

The finish was his triumph in the U. S. Amateur.

Looking back about six years, Nicklaus said at that time he felt he could make more money in business. "There weren't too many really big money winners in golf and I thought business would be better."

"Now I think I can do all right in golf. It's a respected field and you can play it longer than any other sport."

Nicklaus, who became the father of Jack II six weeks ago, says he plans to return to Ohio State for the fall quarter each year until he gets his degree in business administration.

As for his golf future, the youngster said he only plans to join the winter pro tour and "I'll see what happens."

Many followers of amateur golf had hoped Nicklaus would remain in that department.

For a long time Nicklaus said he seriously thought of remaining among the simon-pures in hopes of winning the Masters and U. S. Open as an amateur. He holds the record for an amateur in the National Open when he finished with a 282 in 1960, just two strokes behind the winner, Arnold Palmer.

## Cleveland Pipers Have Rough Time

By THE ASSOCIATED PRESS

The Cleveland Pipers, national AAU champions last year after dominating the National Industrial League, are having a rough time living up to their favorite's role as professionals in the new American Basketball League.

Three clutch points in the closing minutes by ex-Kansas University star Bill Bridges sent the Pipers down to their second loss in three ABL starts Wednesday night, a 101-100 squeaker to the Kansas City Steers.

The Pipers, who moved almost intact into the ABL with last year's title squad, made up a 14-point deficit and grabbed a 99-98 lead on Rog Taylor's fast-break field goal with three minutes remaining. Then Bridges hit a fielder and added a free throw and the Steers had their second victory in four games.

## The German Spy

## Alan Nelson Is Big On Tigers' Defense

COLUMBIA, Mo. Nov. 8 (Special)—When halfback Alan Nelson darted through the middle of Missouri's defense for a 77-yard gain earlier this season, the California ball-carrier finally was overhauled on the Tiger 4-yard stripe by a lunging, last gasp tackle.

"That tackle... by No. 83... Conrad Hitchler," informed the press box public-address announcer.

"Tackled by a German spy," wryly ad-libbed a California sports-writer, intrigued by the name, and was 50 percent right.

Big "Hitch," Mizzou's bow-legged, near-sighted end, is of German lineage. He's hardly an espionage agent, though—just a tough ex-Marine who's been ruggedly protecting one flank of M. U.'s salty line all year.

The lanky Tiger, who'll be pressured by Oklahoma's option and running pass plays here Saturday, has—in fact—eased considerably the loss of Danny LaRose, all-American end whom he backed up last year. And, like LaRose, he's shown a penchant for giving Ol' Mizzou the big play.

There was, as mentioned, that desperation save in the Cal game, that merely delayed the Bears' second score. Two weeks later at Ames, another Hitchler "specta-

In Missouri's final race against the clock, Hitchler caught three passes, enabling the Bengals to get position, at least, for Bill Tobin's futile field-goal boot in the game's final minute.

On the playing field, the destructive Dutchman swaps his spectacles for contact lenses to correct 20-20 vision. This has created a minor budget problem at Missouri. Hitch, you see, does everything right on the football field—except hang on to his auxiliary "eyes."

So far, he's had five lens jarred loose during the past two seasons, causing Athletic Director Don Faurot to flinch anew with each outlay of anywhere from \$50 to \$75 for a replacement.

"I think they've started insuring my contacts," grins the big end with the high, Teutonic cheekbones and the low-fidelity eyeglasses.

Conrad, a seldom-used handle... he was always "C.L." in his prep days at Paseo high... came to Mizzou after a four-year hitch in the Marine Corps. He sandwiched two years of service football with the Hawaii Marines, and another with Camp Lejeune, in between duty stops at Guam, the Philippines and Japan.

Now, along with Jerry Wallach—a tackle and former Marine also—Hitch shares claim to being the oldest M.U. gridders at 23. He confesses to be a jazz fan—with a strong preference for Frank Sinatra—owning 12 to 14 of Sinatra's albums.

Hitchler is married to the former Lucinda Herrmann, an ex-Stephens College student from Wilmette, Ill., who just happens to be of German descent, too. They are expecting their first child in January.

## LaRose Will Take on Big Bud Austin

Guy LaRose will take another shot at Killer Buddy Austin when the two meet in Sedalia Convention Hall action next Tuesday night.

This time the odds may favor LaRose. A chicken wire enclosure will surround the ring. Austin spent so much time out of the ring when he battled here last time that the Canadian asked the two be fenced in. Last he appeared afraid to slug it out with LaRose, Austin agreed.

At the finish of their last meeting LaRose was already a one-fall victor, but time ran out on the clash and nothing was really settled. Austin spent quite a bit of time staying away from LaRose and stepping outside the ropes.

"I'm confident I can beat him now," said LaRose. "The fact I had him on the run makes me more sure than ever that Austin isn't as tough as he thinks he is. With the wire around the ring and him being unable to get out I don't think I'll have any trouble proving my point."

Two midgets new to this area will make their first appearance on the program Tuesday. Tiny Bell will team with Judy Glover against Farmer McGruder and Dot Dotson in mixed action.

In addition, Roy (Ripper) Collins will take on Armond Hussian, a protege of the great Negro wrestler, Bobo Brazil. Dotson and Glover will meet in a separate event.

Hussian's first appearance here should create additional interest. The muscular speedster has many of Brazil's traits and appears to be well schooled in the intricacies of ring warfare. Against the crafty Collins he'll need all his talents because Collins appears to be getting rougher with each new outing.

### SADDLE CLUB PLANS

#### Turkey Dinner Dec. 7

Plans for a turkey dinner Thursday, Dec. 7, were laid at a recent meeting of the State Fair Saddle Club.

The club's annual Christmas affair will be held at the REA building on north Highway 65 with a gift exchange planned. New officers will also be named at the meeting.

Club members will ride in the Veterans' Day parade in Sedalia Saturday if the weather permits, it was announced. Lloyd Kirkpatrick, club president, asked members wishing to take part in the parade to contact him. The parade will form at Seventh and Ohio at 9:30 a.m.

Everyone's lookin' everyone's laughin'!

## Pittsburg, Kans., Wins 8 Straight

By THE ASSOCIATED PRESS

Powerful Pittsburg of Kansas, which has yielded only seven points and scored 265 while compiling an eight-game winning streak, continues to set the pace in The Associated Press' small-college football poll this week.

Pittsburg, 35-0 conqueror of Emporia (Kan.) State last Saturday, collected 68 points on three votes for first place, four for second and one for ninth in the balloting by a select panel of sports-writers and broadcasters.

Baldwin-Wallace, unbeaten in seven games, remained in the runner-up position with 57 points followed by Southeast Louisiana 53 points and Northern Michigan 49.

The only major change among the top ten was Lehigh's advancement to the No. 8 spot. Unranked last week, Lehigh upset Colgate 20-15.

## US Pair Co-favored In Mexican Tourney

MEXICO CITY (AP) — Sam

MEXICO CITY (AP) — Sam

Snead and Howie Johnson, the defending champion from Cog Hill, Ill., are co-favorites in the 17th Mexican National Open Golf Tournament which begins today.

Four 18-hole rounds will be played in the \$10,000 tournament, with Snead making his first appearance since his suspension was lifted by the United States PGA.

Johnson won last year with a 72-hole total of 273.

Party Leaders Say

## Demo Victories Expected To Help Kennedy Programs

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield of Montana predicted today that Democratic election victories in New Jersey, New York and Texas have enhanced prospects for pushing President Kennedy's legislative program through Congress.

Mansfield said in an interview that the results reflect "a vote of confidence in the President and will strengthen his hand" with congressmen "who are adept at understanding the handwriting on the wall."

Taking much the same tack, Democratic National Chairman John Bailey said that the vote "demonstrates that the people strongly approve of the President's actions and legislative programs to get America on the move again."

Bailey added in a statement:

## 11 Navy Men Perish In Plane Crash

BRUNSWICK, Maine (AP) — Eleven Navy men were killed Wednesday when their Brunswick-based Neptune bomber plunged into the ocean 100 miles off the Virginia Capes.

The plane, designated PV-2, a two-engine, long-range bomber, was taking part in an antisubmarine training mission with the carrier Lake Champlain.

Hours after contact was lost with the plane, two bodies and two life rafts and other bits of wreckage were recovered and were taken aboard the carrier. One of the rafts was inflated. The Brunswick base reported the plane took off at 8 p.m. Tuesday for the mission, carrying fuel for 14 hours in the air.

A wide ocean search started with Navy and Coast Guard ships and planes when the Neptune failed to return.

The Brunswick Naval Air Station said Lt. Cmdr. Phillip S. Callahan, 36, of Memphis, Tenn., was the pilot and commander on the bomber.

Others aboard were:

- Lt. (j.g.) Robert J. Miller, 23, New Hyde Park, N. Y.
- Lt. (j.g.) William G. McLane, 22, Lake Placid, N. Y.
- Lt. (j.g.) Edmund J. McGrath, 24, Chicago.
- Harold G. Kirkman, 27, PO 1.C, Kernersville, N. C.
- Paul Harden, 23, PO 3.C Philadelphia.
- Gerald J. Dinan, 25, PO 1.C, Zanesville, Ohio.
- Wayne J. Stevens, 30, PO 2.C, Adairsville, Ga.
- Paul E. Lane, 26, airman, Conway, Ohio.
- John J. Walsh, 22, PO 3.C, Ellsworth, Maine.
- Roy D. Smith, 23, PO 2.C, Crofton Ky.

## Actress Fails To Prevent TV Airing of Film

LOS ANGELES (AP) — Actress Polly Bergen failed Wednesday to stop the proposed showing of a television film in movie theaters.

Superior Court refused to grant a preliminary injunction against Screen Gems Productions, which plans to release the film, "The Insider."

Miss Bergen contended the picture was a pilot for a TV series and did not have the quality necessary for theater presentations. She also alleges her career might be damaged if it were shown in theaters.

Trial of her \$1 million suit against Screen Gems is pending. The court ruled the company owns all rights to the picture.

## County Clerk Dies Shortly After Election

BROOKSVILLE, Ky. (AP) — Robert A. Poague, 61, Bracken County clerk, died Wednesday, ending a family political tradition more than a century old.

Poague died of a heart attack less than an hour after the vote count was completed and he had won his fifth term as clerk.

His grandfather, George B. Poague, was the first county and circuit court clerk and served 40 years. George's son, Jesse, then served 46 years as circuit clerk.

Robert Poague's cousin, Lattie Poague Martin, also served as a clerk and Robert had previously been deputy sheriff and sheriff.

Officials said no arrangements had been made to fill the post.

I hope that it will persuade the obstructionist Republican leadership of the Congress to adopt different tactics in the next session."

Kennedy said Wednesday at a news conference that the elections were "a source of satisfaction to us."

He said the results indicate Americans believed the winning Democratic candidates and the Democratic party in the election areas "as well as nationally, are committed to progress."

The President drew laughs from newsmen when he added: "So I am happy and I suppose some day we will lose and I will have to eat those words."

If the Democrats had lost this time, Kennedy said, "it would have been interpreted as a stunning setback for this administration."

Later, Mansfield said Kennedy had spoken with "becoming modesty."

Mansfield said the victories were not due only to the efforts of the candidates, but to the "final push" given by Kennedy in New Jersey and New York City and by Vice President Lyndon B. Johnson, who campaigned for Henry B. Gonzalez in Texas.

Gonzalez won a House seat. Kennedy appeared for Richard J. Hughes who won an upset victory in the race for governor of New Jersey and for Mayor Robert F. Wagner in his successful bid for re-election to a third term in New York City.

Former President Dwight D. Eisenhower also had comments Wednesday on the three races. In a statement issued at Gettysburg, Pa., he described the losses as disappointments and said they proved that manpower, money, party unity and grass roots organization are essential to victory.

Eisenhower had campaigned in Texas for Republican John Goode, Gonzalez' opponent, in New Jersey for Republican gubernatorial candidate James P. Mitchell and in New York City for State Atty. Gen. Louis J. Lefkowitz, a Republican who tried to unseat Wagner.

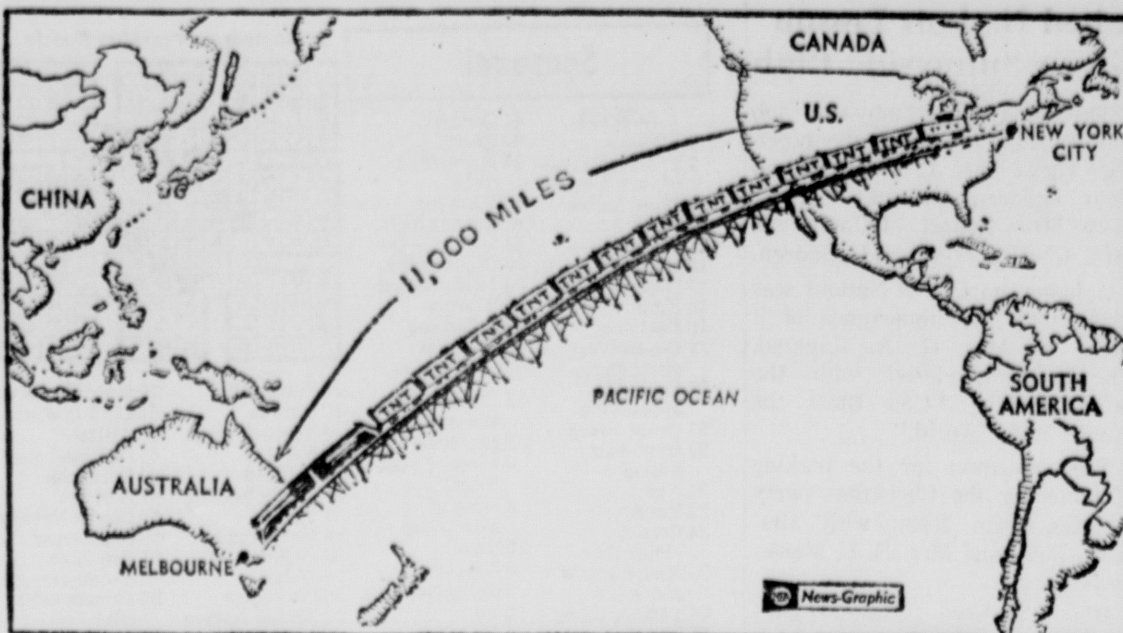

At the same time, Eisenhower pointed to what he called important victories in New York State, Arizona, Kentucky, Pennsylvania and Ohio.

Mansfield said it has been "a great autumn" for the Democratic party under Kennedy and Johnson and the election returns "clearly foreshadow the support which the American people are prepared to give the President in this decade of danger."

Among other things, Mansfield contended, the Democratic victories strengthen Kennedy's chances of passing a medical care bill for the elderly as well as an extension of the Reciprocal Trade Agreements Act.

"And they could possibly be of assistance in getting a federal aid to education bill, already passed by the Senate, off dead-center in the House," he observed.

Democrat-Capital Class Ads Are Workers You Can Afford To Hire! Phone TA 6-1000.

**BIG BLAST**—To give you some idea of the force of the big Russian bomb, a train carrying the equivalent in TNT would stretch approximately 11,000 miles—or, from New York to Melbourne, Australia. The force of such bombs is estimated on millions of tons of TNT (megatons). It would take 20,000 of the largest freight cars to haul one megaton of TNT and this train would be 240 miles long. For contrast, Du Pont estimates that two and a quarter megatons of TNT was shot off in all of World War II, by all the powers.

## Hunting Haven Stripped Bare

PONTIAC, Mich. (AP) — The plush northern Michigan hunting camp was an outdoorsman's paradise—until police stripped it bare in confiscating what they said was stolen equipment.

Officers said the stolen item included a \$6,000 house trailer, a \$2,000 motor boat with trailer, cooking gas tanks and an automobile.

Three Drayton Plains, Mich., men are to be arraigned in Circuit Court Monday on grand larceny charges. They are Gary L. Skrobeck, 19, Daryl O'Neill, 19, and Thomas L. Duford Jr., 23. The trio was arrested by State Police and Oakland County sheriff's deputies Friday after returning from the camp near Houghton Lake.

## News of Interest To Mid-Missourians

**CONCORDIA**—The Walkenzer 4-H Club met at the bank basement Friday night. Approximately 30 members attended.

The election of officers was held with the following results: Edward Kuecker, president; Paul Nierman, vice president; Karol Schlesselman, treasurer; Keith Dierking and Dennis Meyer, game leaders; Valerie Kirchoff, song leader; Mike Dittmer, council member; Lois Fuchs, reporter.

Roger Fuchs and Russell Brugman were accepted as new members.

After the meeting a winner roast was held at Southside Park.

**VERSAILLES**—The Willing Workers Extension Club of Morgan County met Friday with Mrs. Paul Uptergrove.

Mrs. Ethel Williams returned thanks preceding the contributive noon meal.

The vice president, Mrs. Carl Wilson, presided. The meeting opened with all singing the club collect led by Mrs. E. E. Archer.

Mrs. Grace Zelsman gave the devotional. The program was given by Mrs. Loan Kauffman and Mrs. Otto Jefferies.

A report of the Achievement Day held Oct. 5 was given.

The next meeting will be Dec. 1 with Mrs. Jess Allice.

Birthday gifts and hostess gifts were opened during a social hour.

There were 18 members, two children and three visitors. Mrs. Claud Lutman, Mrs. Richard Beesley and Mrs. Grace Hunter, present.

**VERSAILLES**—The Past Matrons Club met Monday evening at the home of Mrs. Hugh Meyers with Mrs. M. P. Shores and Mrs. Andrew White assisting hostesses. There were 15 members present with all but four coming in costume and masks in observance of Halloween.

Mrs. Walter Eppenauer as a witch was voted the best disguised.

The president, Mrs. Jack Clark, presided. Mrs. Greg Huff gave the devotional.

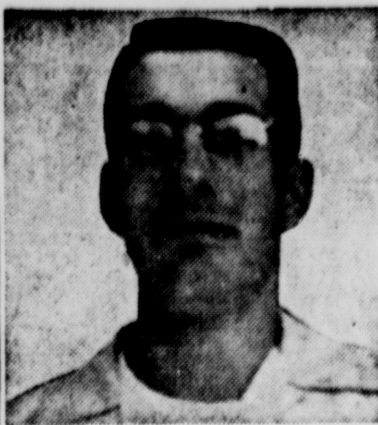

The nominating committee submitted names for 1962 officers, which were elected as follows: president, Mrs. Erwin Moon; first vice president, Mrs. Walter Eppenauer; second vice president, Mrs. Frank Pyle; secretary, Mrs. Laura Tising Gabriel; and treasurer, Mrs. Greg Huff.

October birthdays were recognized. Games were played led by Mrs. Paul Uptergrove. A dessert with coffee was served.

The next meeting will be a covered dish supper at the home of Mrs. Greg Huff Thursday evening, Dec. 21.

**GREEN RIDGE**—Mrs. J. M. Palmer assisted by Mrs. Carl E. Johnson and Mrs. Glinda Inselman was hostess to the Garden Club Friday afternoon at her home.

A dessert course was served at 1:30 to 20 members and one guest, Chester Vermaas, of the

**RICHARD LOGAN** of Knob Noster, west central Missouri's champion "Old Time Fiddler" will "fiddle it out" Nov. 20 against four other regional winners for the coveted state championship at Columbia. The event is sponsored by the MFA Oil Co. in conjunction with their annual meeting.

Conservation Commission of Pettis County. The napkins were in keeping with the month of November and the nut cups were decorated with colorful pictures of different game birds. Favors were red Russian lily bulbs.

The president, Mrs. Ethel Sims, opened the meeting with a poem, "Be Thankful," by Ben Burris, read by Mrs. Mary Johnson.

Mrs. E. H. Boltz presented Mr. Vermaas, who gave a very informative and interesting program, showing a movie in color, "Calling All Ducks," which showed a number of species of ducks, also geese in flight and on the water, and the game hunters. In his talk he stressed that quail needed a good habitat and food to bring them through the winter.

During the business session, Mrs. G. D. Rayburn read the names of hostesses for 1962. The members decided to have the programs for the year of 1962 printed and inserted in their 1961 year books which will be done at the December meeting.

Each member is to bring a glass of jelly to the December meeting for the Therapy committee of which Mrs. L. H. Wadleigh is chairman.

Mrs. Sims displayed the red ribbon that the Green Ridge Garden Club received on its 1961 year book at the West Central Regional meeting held at Marshall recently.

The club voted to hold a Spring

Flower Show and the schedule chairman, Mrs. Wilford Acker presented the theme, "Flower Talk," and read the outline for the Flower Show schedule, which she and Mrs. Wilson Harbit had compiled. The schedule was accepted by the club.

Two new members, Mrs. Kate Bruns and Mrs. Mary Ulmer, were present.

Mrs. Ethel Sims will be the December hostess and Mrs. E. H. Boltz, Mrs. W. L. Whittall and Mrs. Maude Ward will be assistant hostesses.

**GREEN RIDGE**—The United Presbyterian Women's Association held its regular monthly meeting Thursday all day at the church with the executive committee in charge of the contributive luncheon.

The president, Mrs. Loy Smith, conducted an executive session at 10:30, during which plans were completed for the annual bazaar and supper, which will be held at the church Friday, Nov. 10.

At 2 p.m. Mrs. Smith opened the regular business meeting and program with the "Purpose" of United Presbyterian Women, repeated in unison.

The program chairman, Mrs. Charles Likely, presented Mrs. J. M. Palmer, who showed the Thank Offering slides, which were in color and the theme was, "Handles to a Great Design," telling where the 1961 Thank Offering would be sent and what it would be used for. Mrs. Nelle Ream assisted her with the narrative about the slides.

Mrs. L. B. Beach was in charge of the devotional. Mrs. Likely led the group in prayer.

During the business session, Mrs. H. H. Ream reported that \$58 was cleared from the supper served recently to the 31st District of Rebekah Lodges.

The World Service chairman, Mrs. Gertrude Helman, reported that 316 pounds of clothing had reached the Church World Service Center in St. Louis.

Mrs. Smith announced that the goals for 1962 were the same as last year but would be divided differently among the three Boards.

The eight women that attended Fall Presbyterian held at Jefferson City recently, reported.

Mrs. Glinda Inselman was in charge of the program from the Mission Year Book of Prayer. She read the names of ministers, doctors, teachers and fraternal workers, who were ministering in Alaska and India in certain areas. Mrs. Loy Smith offered prayer for them.

The December meeting will be a Christmas program and tea, with two members from each circle acting as hostesses. The meeting will be held at the church.

**TIPTON**—Guests the weekend in the home of Mr. and Mrs. Jim

Prestage were his brother-in-law and sister, Mr. and Mrs. Wilfred Vermueller and children, David, Steven, Cathy, Phillip and Kenneth. They were enroute from Kalamazoo, Mich. to their new home in Tulsa, Okla.

On a visit the past week in Virginia, Mr. and Mrs. O. J. Stratman vacationed in the home of his brother-in-law and sister, Mr. and Mrs. Thomas B. Bryson at South Hill.

Fred Shirley and Mr. and Mrs. Lloyd Shirley, Hitchcock, Okla., and Mr. and Mrs. John McCool of Pratt, Kan., have returned to their homes after being here.

Mr. and Mrs. L. D. Schaffter

law, Capt. and Mrs. William Matthews, Lubbock, Tex.

**CLARKSBURG**—Mr. and Mrs. C. D. Gillian had as their guest last week their son, Kenneth Gillian, Loveland, Colo.

Mr. and Mrs. W. D. Hubbard spent a few days here with Mr. and Mrs. C. D. Gillian enroute from Baker, Mont. to their home in Tampa, Fla.

Mr. and Mrs. Vancil Jones, Seaside, Calif., visited recently with Mr. Jones' aunt and uncle, Mr. and Mrs. A. R. Leslie.

Mr. and Mrs. Fred Birdsong and Mr. and Mrs. Frank Weinbrenner drove to Quincy, Ill., recently.

Linda Stinson accompanied her father, L. D. Stinson, on a trip to Indiana over the weekend.

## Better Family Living

by  
OPAL O'BRIANT  
Pettis County Home Agent

### Dates Ahead

Saturday, Nov. 18 — District "Make It Yourself With Wool" Contest, First Methodist Church.

Saturday, Nov. 18 — 7:30 p.m., 4-H Recognition Night.

Monday, Nov. 27 — Extension Club Presidents and Vice Presidents program planning for 1962 and quarterly Council meeting 10 a.m. to 3 p.m., First Methodist Church.

### Extension Clubs Offer Opportunity to All

In many communities throughout the County, Home Economics Extension Clubs are beginning their 1962 programs. These well rounded programs which emphasize personal, family and community development bring new information on homemaking and family living direct to the home-maker from the Missouri University College of Agriculture. Each year the Extension Club members work toward certain goals. Those for this year include improved family living; a wider knowledge of international affairs; health and safety; community improvement and encouragement of youth by helping with 4-H and other youth groups. Attending the Extension Club in your community is an excellent way to gain new information, meet your neighbors and enjoy yourself, for along with their programs, club groups take time for social good times and recreation. If you are a newcomer to your community, we will be glad to tell you if there is a Home Economics Club in your community.

Remember Extension Club work is for all homemakers. It is not restricted to rural areas. We would be happy to organize clubs in Sedalia.

If interested, call TA 7-0457. The address of the County Extension office is 605 South Massachusetts.

**Honey**  
Honey is valued chiefly for its flavor and for the food energy it supplies. A pound of honey furnishes about one-fifth fewer

calories than a pound of sugar. However, sweet honey is heavier than an equal volume of sugar—a tablespoon of honey furnishes about 62 calories, while a tablespoon of sugar supplies 48 calories.

Honey keeps well at room temperature. It should be kept in a dry place — avoid damp places for storage because honey has the property of absorbing and retaining moisture. Freezing does not injure the color and flavor of honey, but may hasten granulation.

When substituting all honey for sugar in recipes follow these tips: (1) Each ¼ cup of liquid from the recipe for each cup of honey used. (2) Use low to moderate oven temperatures for baking. Honey caramelizes at a low temperature and browns quickly. (3) No adjustment for sweetening power is needed when substituting for sugar. Cakes and cookies made of honey are best made in advance of time required for using, because with aging they become moist and more flavorful. It is difficult to produce a good quality cake using honey for total sweetening. If all the sugar is replaced with honey, adjustment of the acid in the batter is necessary in order to control the crumb browning. This may be done by increasing the baking soda by approximately a fourth teaspoon for each cup of honey used in the recipe.

The important commercial brands of honey come mostly from alfalfa, clover, and clover blends. Blending makes a product that is more uniform in color and flavor. Honey from clover is mild and delicate in flavor and light colored. This light color is often chosen for cheese cakes, salad dressings, or for sauces and toppings. The darkest honey offered for sale is made from buckwheat bloom and has a strong, rich flavor. This is a favorite in gingerbread, fruit cakes, plum puddings and spiced ciders. The medium honey in color and flavor is preferred for chocolate mixes.

**Steers Are Not All Steak**  
A recent publication Food & Nutrition News National Livestock and Meat Board gives some information of interest to meat consumers.

A 1,000-pound steer as purchased by the meat packer yields approximately 590 pounds of beef. When the carcass is cut into consumer or retail cuts, bone, fat, waste, and general natural shrinkage reduce the poundage even further to about 465 pounds.

Of this 465 pounds, about 40 pounds are sirloin steak, Porterhouse, T-bone and club steak average about 35 pounds. The rest of the carcass divides into: round steak, 65 pounds; rib roast, 45 pounds; boneless rump roast, 25 pounds; chuck roast, 100 pounds; hamburger, 45 pounds; stew meat and miscellaneous cuts, 110 pounds. Bones, fat, waste and shrinkage represent about 125 pounds.

These figures will vary slightly in each animal as every animal is different.

### Fall District Meet of WSCS Held Monday

Approximately 300 members and guests attended the Fall District meeting of the Woman's Society of Christian Service at Epworth Methodist Church Monday.

Mrs. Frank Coffman, president of the Sedalia District, presided at the meeting, which was opened with a welcome greeting by Mrs. Lloyd Knox, president of the WSCS of Epworth Church. Following the hymn, "The Church's One Foundation", a prayer was given by Rev. H. E. Trevathan, pastor of the host church.

The morning message was given by Bishop Eugene Frank, St. Louis, who talked on the theme "Our Mission Today."

Mrs. Rumbo, Versailles, sang a solo accompanied by Mrs. Paul Berthouex. Conference officers were introduced and general business discussed.

Work Shops were held preceding the noon hour. Mrs. Charles Hutt was in charge of arrangements for these clinics.

The afternoon session was preceded by quiet music played by Mrs. Berthouex at the organ. This was followed by a vocal solo by Mrs. Dan Sullivan of Houstonia. Rev. Mark Horn, District Superintendent, offered a prayer. More special music was sung by Mrs. Milton Genge, Warrensburg.

Miss Betty Bowers, deaconess and director of the Della C. Lamb Neighborhood House, Kansas City, brought the afternoon message.

Mrs. Ernest Mehl, Kansas City, president of Missouri West Conference, gave a few remarks. As did Mrs. George Hart and Mrs. L. L. Dunham.

The closing meditation was a prayer by Rev. Trevathan and the Mizpah benediction.

**TAKING IN THE TOWN** — The women wearing these Cossack hats are the McGuire Sisters in London. The American singing trio, from left: Christine, Phyllis and Dorothy, are making their first appearance on the other side of the Atlantic Ocean.

### Camp Branch Homemakers Hold Meeting

The Camp Branch Homemakers met at the home of Mrs. LeRoy Ryan with 13 members present.

Mrs. Buell Hoard presided. Mrs. Russell Haight acted as secretary in the absence of Mrs. Bert Stevens.

The following were elected to fill the following offices, Mrs. Gladys Kerns, parliamentarian; Mrs. Elmer Bullard, health chairman; Mrs. LeRoy Ryan, Civil Defense; Mrs. Paul Niezert, song leader.

Achievement day in Sedalia was discussed. Those who attended were, Mrs. Leon Morgan, Mrs. LeRoy Ryan, Mrs. Paul Niezert, Mrs. John Butterwick, Mrs. Albert Tucker.

Plans for the Christmas program were made with Mrs. Jack Stevens and Mrs. Elmer Bullard, chairman.

The club plans on having a miscellaneous sale at Keele's on Dec. 2. There is to be a work day Nov. 17 with Mrs. Buell Hoard. It is to be an all day meeting.

Those receiving secret pal gifts were, Mrs. Jack Stevens and Mrs. Paul Niezert.

The December meeting will be at the home of Mrs. Bert Stevens.

### Tanglenook Extension Installs New Officers

The Tanglenook Extension Club met with Mrs. R. E. Harrington, Smithton, with nine members present.

Guests were Mrs. H. S. Richey, Mrs. George Ream, Mrs. William Morris and Mr. and Mrs. Ira Bronson. Mr. and Mrs. Bronson were celebrating their 56th anniversary.

Mrs. Ben Townsend read the newsletter from Mrs. K. Zimmerman. Mrs. H. Ream gave the devotional. Mrs. John Branson gave an interesting lesson and film on United Nations.

Mrs. Bronson then installed the new officers as follows: Mrs. Jody Reine, president; Mrs. C. H. Williams, Jr., vice president; Mrs. H. Rear, secretary-treasurer; Mrs. Ben Townsend, parliamentarian.

### Horace Mann PTA Has Room Visitation

At the Oct. 26 Horace Mann PTA meeting Mrs. J. L. Sumners welcomed a big crowd of parents that attended to be come acquainted with their child's teacher and curriculum.

Sylvan D. Woolery gave the devotional.

A. L. Wilson, principal, took the room count with awards going to Mrs. Lucille Hudson's first grade class and Mrs. Virginia Walk's fourth grade class.

A short business meeting preceded the informative visitation with the teachers.

Mrs. P. Fidler, game leader; Mrs. C. H. Williams, Sr., song leader; and Mrs. R. Ream, reporter. The next meeting will be Nov. 28 with Mrs. H. Dirck.

## News of Interest To Mid-Missourians

**PILOT GROVE**—The Opti-Mrs. Extension Club held its November meeting at the home of Mrs. J. H. Knipker Wednesday.

A contributive luncheon was held at the noon hour. There were 14 members present.

Mrs. Milton Schlottzauer presided and opened the meeting with the group singing the state song. The president read Psalm 100 as the devotional. The business session consisted of a report on the County Extension Board meeting March 20 at Bunceton, clothing leaders training meeting Jan. 30 and nutrition leaders meeting April 24.

Leaders appointed for the projects are as follows: home management, Mrs. C. H. Stegner and Mrs. Herbert Meyer; clothing leaders, Mrs. William Ashmead and Mrs. Stanley Schlottzauer; and nutrition, Mrs. Robert Eckler and Mrs. Less Bobbitt.

National Home Demonstration week will be held in May and the lesson will be "Learning to Know You Better."

A discussion on the County Project for the year was held. Plans were completed for the annual Christmas party, which will be held Dec. 13, at the home of Mrs. Herbert Meyer. Mrs. William Ashmead and Mrs. J. H. Coleman will plan the program.

Mrs. Stanley Schlottzauer read Miss Zimmerman's letter, which was followed by a panel discussion on World Affairs, with Mrs. Coleman as leader.

Mrs. J. G. Paxton, health chairman, spoke on "Poisons in the Home," and read the three health bills which were concerned with the Division of Health Activities and were among those passed in the last session of the Missouri Legislature.

Mrs. Robert Eckler gave a lesson on Out-door Cookery. The meeting adjourned after reading the club collect and prayer.

Mrs. Meyer became a new member.

**CLARKSBURG**—Francis Elliott, who has been stationed at Camp Pendleton, Calif., and his wife, Louise, who has been visiting at Mountain Home, Idaho, are to arrive here to spend Mr. Elliott's furlough with Mrs. Margaret Caldwell, Mrs. Elliott's mother, and with his parents, Mr. and Mrs. M. Elliott.

Mr. and Mrs. Homer Long have returned home after a week visit in Kentucky.

Joe Caldwell, who returned from Greenland a few weeks ago and has been stationed at a base near Washington, D. C., is to arrive here on furlough to visit his mother, Mrs. Margaret Caldwell and other relatives.

**COLE CAMP**—The WSCS of the Methodist Church held its regular meeting Thursday in the church.

Mrs. B. A. Dump was program leader. The subject "Jesus Christ, the Light of the World." Mrs. J. W. Morrow, Mrs. Harold Junge and Mrs. E. J. Kedrick assisted in the program.

After the business session the meeting was dismissed with a prayer. The group was served at the Kaffie Klatch. Hostesses were Mrs. R. E. Harris, Sr. and Mrs. Jess Metecalf.

**COLE CAMP** — Mrs. Emma Lewis and son, Albert, Clarksburg, Tex., visited recently in the home of Mr. and Mrs. B. A. Dump.

Rev. and Mrs. Elmer H. Kuhlmann and daughters, Mary Ann, Ruth and Ruby, Albert, Kans., spent the weekend with old friends.

**TIPTON** — Andy Kammerich, Sr. of Syracuse was pleasantly surprised Sunday noon when all of his children and their families gathered at his farm home to celebrate his 85th birthday.

Those present were: Mr. and Mrs. Lawrence Kammerich, Kansas City; Mr. and Mrs. Lawrence Geiser and Delores, Ottumwa; Mr. and Mrs. Leonard Kammerich, David and Janet, Mr. and Mrs. George Buchholz, Sedalia; Mr. and Mrs. Joe Geiser, Tipton; Mr. and Mrs. Andrew Kammerich, Jr. and Andria Kay, Warsaw; Mr. and Mrs. Paul Kammerich, Andy and David, and Mrs. Fred George, Oak Grove; Mrs. Linda Kammerich and Miss Andria Fry, Blue Springs.

The day was spent visiting and taking pictures.

Mr. and Mrs. Tony Kammerich of St. Louis, were unable to attend the dinner.

**OTTERVILLE** — Mystery and laughter were plentiful at the Halloween party at the First Baptist Church. About 75 children and adults attended the annual event sponsored by the Training Union of the church.

The highlight of the evening was the appearance of the costumed guests.

Prizes for the most original costuming were awarded to Harvey Meyer, who was a well dressed girl, and Mrs. Billy Schilb and Mrs. Carol Sanders, who were twin young ladies. The funniest costumes were worn by Donald Lakatoch of Sedalia, who was a little Mickey Mouse, and Billy Schilb and Carol Sanders, who were a happy bride and straight faced groom.

Those wearing costumes most typical of Halloween were Ronnie Otten, a pouting Humpty-Dumpty, and Mr. and Mrs. John Hardy, a Negro bride and groom.

The younger children also participated in a popcorn eating relay and apple bobbing.

Credit for decorating goes to Mrs. Joe Wallenburn and the Intermediate Training Union who used a fall nature theme in the recreation area of the new educational building.

Mrs. Nancy Meyer supervised the serving of refreshments and Bill Schilb supervised the clean up.

## Economic Climate More Favorable In Kansas City

**KANSAS CITY** — George W. Mitchell, a new member of the board of governors of the Federal Reserve System in Washington, says the economic climate in the Kansas City area is much better than in other parts of the country.

Mitchell attended a meeting of the directors of the Kansas City Federal Reserve Bank and its branches covering western Missouri, Kansas, Nebraska, Oklahoma, Colorado, Wyoming and New Mexico.

He said: "The bankers and businessmen from seven states gave me the impression that the Kansas City district is doing well, thanks to the good agricultural situation. The outlook for business and agriculture is regarded optimistically by those close to the picture in this area."

## Prairie Ridge 4-H Plans Christmas Party

The Prairie Ridge 4-H Club met Thursday at the home of Barbara Hazel with nine members present. Enrollment cards were completed by the group. The president appointed Marcia Aulger in the grooming committee.

Names were drawn for the Christmas party.

The next meeting will be held at the home of Mr. and Mrs. J. W. Bales on Dec. 7 at 7:30 p.m. This will be the Christmas party.

## Italian Actress Sues Brett Halsey

**SANTA MONICA, Calif.** (AP)—Italian actress Luciana Paluzzi says her husband, actor Brett Halsey, destroyed her happiness and impaired her health.

She sued him for separate maintenance Wednesday, asking \$1,700 monthly including \$300 for a son born last June 13. They married in Las Vegas, Nev., in February 1960 and separated the following November.

Miss Paluzzi also asked the court to order payment of a \$600 note she says Halsey signed a month before their marriage.

## Ends Army Training

Richard C. Pfeiffer, son of Mr. and Mrs. Charles F. Pfeiffer of 1806 South Grand, was graduated from recruit training, Oct. 13, at the Naval Training Center, Great Lakes, Ill.

Two nine-week training program included instruction in seamanship, ordnance and gunnery, damage control and military customs and courtesies.

**THE OVERFLOW HOUSED** — A new government housing building contrasts sharply with the refugee squatter huts on a hillside at Hong Kong. The British colony has resettled more than 500,000 refugees from Red China in such housing projects.

## The World Today

### JFK News Conferences In Low Key

By JAMES MARLOW  
Associated Press News Analyst

**WASHINGTON (AP)** — Undramatic, unsensational and, very often, uncolorful. Those are the three most consistent characteristics of President Kennedy's performance in 18 news conferences.

In other words, he operates in a low key, very often understating rather than overstating.

Presidents Roosevelt, Truman and Eisenhower sometimes burst into anger, sometimes rocked the house with laughter. Kennedy doesn't get angry and his humor is generally sly or subtle.

Is this deliberate policy—a thought-out technique—or is it just Kennedy? It's so consistent it's probably just Kennedy himself.

He gave an early insight into all this—although it wasn't realized at the time—at his very first presidential news conference, six days after becoming chief executive last January.

He started it by saying he had several announcements. The first was a statement about the resumption of nuclear test ban talks with the Russians at Geneva. Then he said this country would step up its famine relief to the Congo.

He reserved for last the announcement—and it made headlines later—that the Russians had released two American fliers whose RB47 bomber had been shot down by the Russians six months before.

Wednesday he had a chance to make some political hay, with broad swipes at the Republicans, when asked for comment on some Democratic victories in Tuesday's elections. He played this low-key,

too, by not magnifying their importance.

He has done the same in the most critical foreign problems when, with very few exceptions, he has been nonbelligerent even though his opposite number, Premier Khrushchev, was tearing up the yard with threats and thunderings.

All this raises two questions: 1. What will be the long-range effect on the American people's attitude to a President who plays it cool and doesn't make their pulse beat faster once in a while except for some of the literary touches he puts into his speeches?

2. What will be the effect overseas, among Allies and in the Communist world which, specifically in the case of Khrushchev, has been needing him and giving him abundant provocation for anger?

As for question No. 1: He's been doing all right so far from a personal standpoint. He got himself elected President and as of now he stands extremely high in the popularity polls. Whether this lasts is something else.

As for question No. 2: It should be easy for people overseas, particularly the Communist world, to look upon his restraint as a mark of weakness or timidity.

Even if the nature of the man himself were not the reason, it would be easy to understand why Kennedy has so quietly handled the Berlin crisis created by Khrushchev: The Allies themselves have not agreed on what to do.

Nevertheless, Kennedy's reticence with Khrushchev may have borne good fruit.

Khrushchev gives the impression of a man who is anxious to cover up some inner uncertainty by over-aggressiveness. At the rate he was going it would have been easy for him to talk himself into a war.

If Kennedy had tried to outdo Khrushchev in a shouting match the Russian might have been rendered so self-conscious that, feeling challenged to make good on his threats, he'd think he had to.

Kennedy forced no such challenge on him. Now Khrushchev is making milder sounds. A reasonable settlement may now be possible but would have been rendered impossible if Kennedy had tried to out-Khrushchev Khrushchev.

Kennedy, instead of slamming the door on reason, left it open. Whether Khrushchev walks in—or whether he thinks Kennedy's reticence is timidity and therefore something to be used and abused—remains for the future.

But so does any valid and final appraisal of whether Kennedy's sometimes uncolorful handling of the presidency is better or worse than a more vibrant method.

## Nike-Hercules Missiles Show Power In Test

**HONOLULU, Hawaii (AP)** — For the first time two Nike Hercules missiles have been fired from an actual combat launching site in the United States, the Army says.

The missiles, which can carry nuclear warheads but were loaded with 1,100 pounds of TNT, streaked over the Pacific 45 and 61 miles Wednesday from a secluded beach in northern Oahu. They destroyed two supersonic target drones traveling 800 to 900 miles per hour.

The ground-to-air shots were staged by the 2nd Battalion 298th Artillery Group of Hawaii's Army National Guard.

Other Nike Hercules launchings from combat sites are scheduled in Alaska and Okinawa, the Army said.

## Arator Club Holds Meeting in Smithton

The Arator Club had its October meeting at the home of Mrs. E. L. Cramer, Smithton.

A contributive dinner was served at noon.

The regular meeting was called to order by the president, Mrs. Marvin May with song "America" being sung. There were eight members and two visitors, Debbie Schroeder and Pete Cramer, present.

The devotional "Autumn Colors" was given by Mrs. Wayne Schroeder. The menu was planned for the next meeting and club pal gifts were distributed. The next meeting will be Nov. 15 at the home of Mrs. Jim Lacey, Smithton.

## Will Hold Special Event On Thursday

The Women of Calvary Episcopal Church will meet Thursday, Nov. 9, at 9 a. m. for Holy Communion and the United Thank Offering Ingathering.

This will be followed by breakfast in Hawkins Hall. The rector, the Rev. William E. Lusk, will address the group at 10 a. m.

Hostesses will be Miss Marian Phipps, Mrs. Kelly Scruton and Mrs. E. H. McLaughlin.

Mrs. L. H. Hodges is president of the Women of the Church. Mrs. James W. Atkinson is the UTO chairman.

## Hefty Carnival Man Dies at Age of 56

**PRATTVILLE, Ala.** (AP) — before moving to Prattville last spring.

Martin Levy, a former carnival performer weighing about 900 pounds, died Wednesday at his trailer-park home. He was 56.

Levy's agent, Walter L. Wonus of nearby Montgomery, said Levy was born in Boston, Mass., and had been in show business most of his life.

He last worked regularly with the Gooding Amusements Shows.

## New! Milk Chocolate Chip Ice Cream

Double treat from Foremost—angelic milk-chocolate ice cream, mild and sweet, enlivened with bits of bittersweet chocolate, devilishly dark and rich!

Milk Chocolate Chip—another delicious double-feature flavor, fresh from Foremost.

It's NEW from

**FOREMOST**

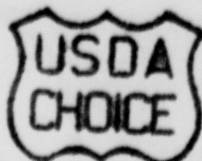

YOUR FAMILY GETS THE MOST FROM FOREMOST

There's more value, more good-eating meat in...

# Safeway Chuck Roast

See for yourself why you get so much more!

- 1 Note the large proportion of lean meat to fat and bone. We never "rob" a chuck roast of lean meat (as some do) to be sold as boneless beef at a higher price.
- 2 There's bone, of course, but it's carefully trimmed. Grandma tells us that the juices which flow through the meat from the bone help give pot roasts their perfect flavor.
- 3 Just enough fat is left on a Safeway chuck roast to make sure it will cook tender, flavorful and juicy and have that rich brown color you want in your pot roasts.
- 4 It's cut from USDA Choice Beef. Only beef judged by expert U.S. government graders to be of fine-eating quality is awarded this high grade.
- 5 Like all steaks and roasts at Safeway, this chuck roast has been carefully aged to peak of tenderness and flavor in our central meat plant.

## Our Famous Guarantee:

You must be 100% pleased with each and every cut of meat from Safeway or your purchase price will be cheerfully refunded.

## Only One Size of Morality

There can be no minimizing the horror a nuclear war would visit upon the world, nor the peril to humanity's health in long continued, indiscriminate poisoning of the atmosphere through nuclear tests.

Almost from the time the first atom bomb was dropped, however, the moralizing protests against nuclear weapons have lacked the force they should properly have.

They have lacked that force because the same voices have not been raised against the violence of war and aggression on any scale and in any form.

It is the use of violence that is immoral, from the first, the smallest act to the biggest and most menacing. That rifle fire from an arrogant patrol, the initial burst of a tank gun, the garroting of an innocent peasant by a guerrilla — these break the bounds of morality just as surely as a 50-megaton bomb.

Wide disappointment was felt when many neutralists shamed themselves by silence in the face of Russia's test resumption. But there are many right in our Western midst who find a strange distinction between nuclear war and "conventional" war.

Certainly a nuclear holocaust would be frightful, though the public assertions of some scientists that from 90 to perhaps 100 million Americans would die in some future war are

considered unsound by informed military specialists.

The real likelihood — horrible enough — is that a Soviet nuclear assault today on this country's retaliatory power would possibly kill tens of millions if no fallout protection existed. But if substantial shelter safeguards were available, these losses could conceivably be held in the range of two million.

Naturally, heavy casualties would be suffered both by our allies abroad, and by our enemy. Add to these the well advertised danger of such radioactive byproducts as strontium 90.

But is there something less immoral in simply killing large numbers of people more slowly and in different ways?

Just the military deaths alone from World War I and World War II came to 20 million persons. Many millions more died as civilians from starvation, exposure, the gas chamber, and other causes rising directly from war.

Where are the indignant marchers in London, Rome, Tokyo and around the globe, to protest the killing of freedom-seeking East Berliners or the wanton murder of civil administrators in South Viet Nam?

The little acts of terror are prelude to the big. He who is not outraged by immorality in its small beginnings speaks in hollow tones when the horror threatens to become great.

By Cyrene Dear  
(DPA Special Service)

I had coffee with former President and Mrs. Truman, daughter Margaret and her husband Clifton Daniel, but so did a hundred other members of the American Newspaper Women's Club in the Presidential Room of the Mayflower Hotel.

The Trumans and the Daniels had spent the night at the White House as guests of President and Mrs. Kennedy.

Mr. Truman was his usual breezy self and when asked how he kept looking so fit he said: "You have to choose a good pair of grandparents and then marry a good cook." Mrs. Truman grinned and said "I am not a good cook."

Someone asked the former president if he thought there would be an atomic war. He replied: "I think the Russians know that we could lick them and I don't think they will start anything, but he said, there is a good hot place where they should go and we should tell them to go there."

The former president and one time vice president was asked about the new duties of the vice president. "In my term, it was necessary for me, as head of the government, to attend meetings with Churchill and Stalin because we were at war, but at the present time, I think it is a good thing for the vice president to spare the president as much as possible and to be closely informed on administration matters."

"Do you think we should send troops into Viet Nam as we did in Korea?" came the query. "That is for the President to decide" was the answer.

When someone asked what he thought of the recent criticism of the present administration by a certain general, he retorted quickly — "Generals don't know anything about politics, and I mean all generals."

Mrs. Truman and the Daniels were included in the questioning. Mrs. Truman said she found the White House with its new decor perfectly delightful and very livable. "I wish you all could see it," she added.

Margaret was asked if she would like to have her children live in the White House. "No," she said, "but I want to bring them to Washington when they are older because I think seeing the nation's capital is part of their education."

Mr. Daniel, of the New York Times, said if he made any remarks he might no longer be considered Mr. Truman's son-in-law to which the peppery Mr. Truman

pipled up — "He is the best son-in-law anyone ever had."

On that cheerful parting note, the former first family made their way through the throng of well-wishers to their next appointment.

## TIME OF YOUR LIFE

BY ARTHUR LORD

for practical advice on the problems of growing older.

### A HOME AWAY FROM HOME

DEAR ARTHUR: My wife and I have been thinking about inviting my mother and father to come and live with us. Our children are in college, the house is large, and if they would like to come, we would like to have them.

It's strange, but all of our friends advise against this. They say that it will only lead to trouble and real grief. I thought I'd write and ask you how we should behave if we do make this invitation to my parents.

My wife's mother and father died several years ago.

FRED

DEAR FRED: You should be aware of several things.

First, don't discuss private family affairs like this one with the neighbors. Seldom do they know what would be best for you.

Second, be prepared for a refusal of your kind invitation. Your parents may be perfectly happy wherever they are.

Third, if you invite them and they do come, follow these ground rules:

Treat your parents as friends and equals, not as another generation with special rules pertaining to them. Insist that they become useful members of the household.

Nothing leads to unhappy family life faster than less-than-full participation in family life.

And respect your parents' desire for independence and privacy just as much as you expect them to respect yours.

DEAR ARTHUR: Mother just became a widow. Most people would have said that their father died, but I don't know any other way to express how attached mother was to dad. He was the entire world for her. Whatever he wanted, she did.

As children, we had to learn from our father that mother really DID love us. You see, she would sometimes give the impression that the only person she loved was father. Now that father is dead, mother can't seem to adjust to life.

What should we three sisters do? We are all in our late 30s.

NEE WEBSTERS

DEAR WEBSTERS: Fortunately, real people are not like the princesses of the fairy tales who weep their lives away over the death of their loved ones. Real people adjust. Some, sooner. Others, later. The speed of adjustment depends on the love and interests you show a bereaved person.

Your mother needs someone to love you. You can help by making yourself and your sisters available, allowing your mother to give you the great love she has within her, and permitting time to do the work that it alone can do.

DEAR ARTHUR: I live in Tennessee. Can my Social Security check be sent to me at a lady friend's home in Missouri? My wife has taken all the money I've ever earned and I don't want her to get ahead of this. My little gal in Missouri understands my problems and will help me keep my money.

G

DEAR G.: Before you get yourself caught in a classical squeeze play, why not have the check sent to you in care of your own post office box?

## Washington Merry-Go-Round

## Thrive On Big Vote Turnout

By DREW PEARSON

WASHINGTON — There was an interesting Republican admission of disbelief in democracy by John Goode, defeated GOP candidate for Congress in San Antonio, Tex.

"They said we would be in if the vote just went to 70,000," as Goode said, after Henry Gonzales, whose father and mother were born in Mexico, defeated him for Congress.

"The campaign was beautiful," commented GOP executive director Mickey Lederick, "but the vote was too big."

In other words, the less democratic the vote, the greater the chance of Republican victory.

The first thing Henry Gonzales did after winning by a 10,000-vote margin in a total of 97,000 votes was to phone Vice President Lyndon Johnson to thank him for his campaign help.

"You don't need to thank me," Lyndon replied. "You did the job yourself—you and your wife and family."

"When you get to Washington, come up and stay with us at the house. Ladybird will be glad to take Mrs. Gonzales around and get her settled and show her around the city."

Actually, the vice president put in the powerful political wallop which rolled out that extra vote which the Republicans didn't want. He did it by an intensive campaign himself and by taking Pepe Cantinflas with him around San Antonio. The famed Mexican movie star spoke only a few words.

"I very pleased to be here with American vice president," he said in feigned broken English, though actually he speaks English well. "I stay at his ranch tonight. I no understand American politics, but I think vice president's advice is good. Happy Christmas, Merry New Year."

The vice president's advice was to vote for Gonzales. The majority of San Antonio voters followed it.

Note — Though ex-President Eisenhower went to San Antonio to campaign for Goode, he made the statement while there that it was he, not Kennedy, who first authorized the

sale of planes to Yugoslavia—so vigorously criticized by Texas GOP Sen. John Tower. Tower was blasting this sale while pulling for Republican victory in San Antonio.

### Merry-Go-Round

Theodore Francis Green of Rhode Island, oldest senator in history, has staged a miraculous comeback. Two months ago he wasn't expected to live, but now it looks as if he will be able to travel sometime before Christmas.

### Capital Chaff

George Dixon, author of the new book, "Leaning on a Column," called me other day to say: "I've just received the most insulting letter in my life. It's from Ezra Taft Benson. He says: 'You're no better than Drew Pearson.' . . . President Kennedy has written a personal, sympathetic letter to Margery Michelmore, the Peace Corps volunteer who didn't have the good sense to know not to write post cards. Kennedy didn't mention the post card, but expressed appreciation for her services."

### Headlines and Footnotes

Next commander of the American Legion will be James Powers of Macon, Ga. . . . Some time ago Congressman Charles Buckley, a power in New York politics, asked President Kennedy to give Mayor Bob Wagner a job in the New Frontier. Kennedy refused, seemed to think Wagner wasn't the right type of New Frontiersman. Last week, Kennedy went to New York to rescue Wagner from political defeat. . . . Mrs. Perle Mesta, whom Harry Truman made famous by appointing her ambassador to Luxembourg, has now faded from the political and social scene. Her rival, Mrs. Gwen Cadriz, is on top. Perle not only incurred the wrath of the man who gave her her big break, Harry Truman, when she booted the Democrats for Nixon, but now Vice President Lyndon Johnson has even renamed her house. He has changed it from "Les Ormes" to "The Elms."

### Exit Military From Mid-Pacific

The islands of Saipan and Tinian, which made World War II headlines when American troops were besieging them, are being quietly shifted to civilian control. The Navy department, which has governed the islands ever since the end of the war, is turning them over to the Interior department.

This may mean new islands to rule over for the brother of the governor of Texas, William Daniel, who now serves as governor of Guam. Most Americans don't realize it, but the United States took over a vast area in the mid-Pacific after the war, some of it being held as a "trust" on behalf of the United Nations, though some of it is under U. S. military rule.

Most of the area is now governed by High Commissioner M. Wilfred Goding of the "trust territories of the Pacific" who works under the Interior department in Washington. Goding's headquarters is on Guam, formerly under Navy rule, now under the Interior department.

The transfer of Tinian and Saipan to civilian government would be a further step toward ending all military control of any land in any part of American domain. The Kennedy administration feels this is a wise move.

Tinian is 32 miles square. Saipan slightly larger. Tinian has great prehistoric ruins of masonry, pyramids which could become a tourist attraction if not so far away. The precar sugar industry of the islands has been replaced by an agriculture devoted to cattle and vegetables.

## Written In The Sky

With today's stress on vast ventures in space and missile fields, it should be no surprise that increasingly lavish sums are going into private industrial firms' work in research and development.

The 1960 figure was \$10.5 billion, up around 10 per cent from the previous year. Of the 9160 total, nearly 60 per cent was financed by the federal government.

Where contrast is more sharply seen is in comparison of 1960 with 1953. Research and development expenditures in industry were just \$3.6 billion at that earlier stage.

We were still hard at war in Korea for more than half of 1953. But missile work was still in relative infancy, and space exploration was little talked of. The great surge in research tells the story of our entry into a totally new era.

## Ray Cromley in Washington

## Soviets' Growth in Proper Perspective

(Editor's Note: Colonel Ray Cromley, U.S. Army Reserve, has many years of military and newspaper service. He is a graduate in nuclear physics from California Institute of Technology. He has been a student of the Communists since he served as a U.S. Army liaison officer with Red troops at Yenan, China, during World War II.)

Colonel Cromley is highly trusted by official quarters in Washington. He is also highly trusted by newspapers which, like The Sedalia Democrat-Capital, subscribe to NEA and use his dispatches.

Our editor believes balance, unemotional reports such as this are an invaluable aid to an informed citizenry which wants to help our government preserve peace and freedom.)

By RAY CROMLEY

Washington Correspondent, Newspaper Enterprise Assn.

WASHINGTON — Some Russian and American economists frequently quote figures to show how fast the Soviet Union is gaining on the U.S. industrially. They project these gains forward in the same way that possible missile production was projected to produce a missile gap that never arrived.

They come up with a heavy

industry production gap that would have the Soviet outdistancing the United States in ability to produce war weapons.

New economic studies are now available. They have been made by a combination of government and private economists.

These studies show that Soviet growth, while strong and dangerous, is not so startling when put in perspective.

Before the revolution, Russia had the world's fifth-largest economy. Much of that production was cut back in the revolution. Early Soviet growth was in part a recovery from that revolution. Such recoveries are usually rapid.

Soviet growth following World War II was in part recovery from the war. The new studies show Japan and Germany have outpaced the Russians in that period. The U.S., when in the stage Russia is in now, grew at a pace faster than Russia has shown.

Most startling statements about Soviet growth compare Red output of such items as coal and steel, not noting that U.S. increases in these lines have slackened, partly because of new products, partly because basic needs have been met. They compare numbers of new machine tools, forgetting U.S. tools are becoming more complicated.

A recent Department of Commerce study tabulates the growth of 300 U.S. industrial products for

the past 12 years. Since 1948, more than 50 of these have grown at 10 per cent a year or better.

These include: aluminum ingots, radio transistors, heat pumps, polyethylene plastic fibers, titanium sponge, gasoline engines, synthetic fibers, magnetic recorders, DDT, antibiotics, jet fuel, vitamins, frozen foods, paper milk containers, television sets.

These studies indicate that in the new areas U.S. industry is usually growing faster than is Russia's.

This leads some Washington economists and mathematicians to regard with skepticism forward projections of Russian growth that assume the rate will be almost as great in the future as in the past.

As some economists working with the National Planning Association put it, "The publicity given to impressive Soviet achievements in the field of sputniks, intercontinental missiles and pet aircraft should not blind us to the fact that, outside of a very few fields, original applications of scientific knowledge to industrial processes in the U. S. S. R. have been rare."

There has been a notable contrast between the quality of Soviet fundamental research and the application of techniques to industry, these men point out. Some sectors have hardly been touched by modernization. Even in the priority industries, the full mechanization of basic processes is often accompanied by primitive hand operations.

As admitted by M. Gorshunov, director of the Soviet Union's labor research institute, as printed in Pravda, 35 per cent of the labor in the steel industry is still manual. So is 40 per cent in the chemical industry, 50 per cent in engineering and coal mining, 60 per cent in building.

Economists here say the average industrial productivity in the Soviet Union is about one-third that of the U.S. Agricultural productivity is even lower. And in absolute terms, Soviet productivity is growing about two-thirds as fast as in the U.S.

Some economists reason the Soviet quota system frequently make innovations difficult.

"It is always easier to avoid the risk involved in the adoption of something new, and to proceed in the old way until ordered to do otherwise," says one.

The Soviet humor magazine "Krokodil" prints the story of the man who perfected a button-sewing machine for the clothing trade. He was told to stop bothering people with button-sewing in an age of sputniks.

According to Pravda, the inventor of an efficient small boiler found that no factory would touch it. The boiler output plan was expressed in terms of heating surface.

The adoption of the more efficient invention would make it more difficult to fulfill the quota.

This is not to say that future growth of the Soviet economy will not be large and dangerous to the U.S. It will.

This is not to say the Reds won't have future space successes. These are accomplished by the concentration of men and materials, by taking advantage of their best minds plus the best the West has to offer in inventions. They are put into effect by raw, brute, pioneering effort.

It won't be because the Reds are eight feet tall, say the economists.

## The Doctor Says

## Murmurs of the Heart And Their Significance

By Harold Thomas Hyman, M.D.  
Written for

In a previous column, I explained the formation of the heart into a four-chambered structure with two sets of valves whose principal function is that of preventing back-flow when the heart pumps blood into the tissues of the body.

When your heart functions normally, your doctor hears only two sounds with each beat. The first sounds like "lub." It corresponds with the pumping action of the ventricles at a time when the auriculo-ventricular valves are floated upward so as to prevent back-flow into the auricles and when the aortic and pulmonary valves are opened so as to clear the channels through which blood flows to body structures.

The second heart sound is a "dub." Thus, lub-dub, lub-dub at a rate of about 72 a minute, day and night, without interruption for as long as you live.

The second or "dub" sound is made by the clicking of the aortic and pulmonary valves as they snap closed to prevent back-flow into the ventricle that is now filling as mitral and tricuspid valves open to permit blood to flow from auricle to ventricle in preparation for the next contraction.

Quite naturally, there are constant currents of flowing blood throughout these cycles of filling, pumping and emptying. And, quite often, these currents cause ripples such as you'd hear if you sat on the bank of a stream and listened to the "babbling brook."

These babblings are called "accidental murmurs" because the mechanism by which they are produced is unrelated to any heart damage. And, because the accidental murmur is not indica-

tive of any impairment of cardiac efficiency, it's the sort of fact you do best to "file and forget."

It is not a storm signal. It needs no treatment. It shouldn't increase your insurance premium, but you ought to know about it so you can tell other doctors who may be called upon to examine you or your children at some future time.

Although accidental murmurs are heard most frequently, the truly organic murmurs are of most consequence. They are produced by structural defects of the heart and/or its valves; for example, small openings in the partitions that separate cardiac chambers, narrowing of valve openings (stenoses) with obstruction to the forward flow of blood or valvular leakage with a back-flow of blood (insufficiency). Under these circumstances, a sort of grumble might precede the lub-dub. Thus, gr-lub-dub or there might be a sort of a hissing between lub and dub or after dub. Thus lub-siss-dub or lub-dub-siss.

But don't let the knowledge that you have an organic murmur throw you into a tailspin. For, in the vast majority of cases, the versatility of the heart is such that it overcomes the handicap imposed by the cause of the organic murmur.

Only rarely does the defect interfere sufficiently with cardiac function to slow you up, warrant an uprating in your insurance premium or produce circulatory embarrassment that's unresponsive to skillful treatment by an informed physician. And now, thanks to the miracles of cardiac surgery, many of these defects can be repaired.

## Guest Editorial

EVENING OUTLOOK (Santa Monica, Calif.)

**The Ugly Problem.**—A few years ago Harrison Salisbury, a Pulitzer Prizewinning foreign correspondent for the New York Times, turned his attention to juvenile delinquency in a book entitled, "The Shook Generation." His in-depth study of a growing national problem offered conclusive evidence that no adult vice is beyond the reach of the young. Liquor, narcotics and social license are taken by juveniles as their due in increasing quantities.

Mr. Salisbury centered on the youth gangs of New York City, but his story finds echoes in every major American community. Malcolm E. Harris, California liquor director, in an appearance before an Assembly subcommittee, testified this week that drinking by minors is his biggest problem. He further stated that California's experience is like that of New York, where a survey showed 95 per cent of high school students between 15 and 18 had drunk liquor, 75 per cent with parental consent.

Thus we see the tragic complicity of irresponsible adults in the wild conduct of youth. The parent who gives liquor to a minor or permits him to get it on his own is contributing to the dissolution of the youngster's character. Liquor serves to destroy all inhibitions. Its indulgence by minors too often is reflected in illegitimate births, traffic accidents and crimes of violence.

At the beginning of the current school year the parents of freshmen students at a Catholic boys' school in San Fernando Valley were told by the principal:

"Drinking has become a major problem in the Valley high schools. Wild parties where liquor is served are the starting points for violence against the public. If we give our youngsters cars and access to the liquor cabinets, we are in for trouble. It's somebody else's boy or girl now; without close supervision and good example, it can be your child."

New York City has become a jungle for young criminals, the post-graduates of juvenile delinquency. Unless we are on guard in our responsibilities as parents, the jungle can extend to California.

To Mid-Missourians**

THE SEDALIA DEMOCRAT—Sedalia, Mo., Thurs., Nov. 9, '61

**OTTERVILLE** — Mr. and Mrs. George Marcum honored their daughter, Debbie, Saturday afternoon on her sixth birthday anniversary with a party at their home.

Party favors were party hats, blowouts and balloons, which were distributed among the guests. Games were played and pictures taken during the afternoon.

Refreshments were served to Marcia Cave, Shelly Aldrich, Bobbie Gardner, Linda Kay Ellison, Janice Crain, Renee Watring, Rhonda Seifert, Jileen Marcum, Randy Schilb, Jimmie Meyer, Terry Wittman, Randy Marcum, Eddie Thomas, Jimmie Marcum, Timmy Asbury, Billy Marcum and to her grandmother, Mrs. W. Lawrence Lee and Mrs. John Watring.

Unable to be present were an aunt, Mrs. Tom Cooper, and her teacher, Mrs. Herbert Kuhn.

**OTTERVILLE** — Mrs. S. M. Dowdy left by plane for Boron, Calif., where she will spend the winter months with her daughter, Mr. and Mrs. Bert Williams.

Mr. and Mrs. Virgil Gant had as visitors their son and daughter-in-law, Mr. and Mrs. William Gant and daughters, Chicago, and their son-in-law and daughter, Mr. and Mrs. Ray White and family, St. Charles.

Rev. and Mrs. Elmer Clawson went to Granite City, Ill., to spend some time with their daughter, Rev. and Mrs. Keith Stafford and family.

Mr. and Mrs. James DeHaven, Fort Riley, Kan., spent the weekend with her parents, Mr. and Mrs. Harry Klein.

**OTTERVILLE** — The 4-H Club met Saturday night at the IOOF recreation hall with the president, Billy McKnight, presiding.

The pledges to the United States flag and the 4-H flag were led by Allen Castle. The new flags purchased by the Chamber of Commerce were used for the first time.

The club voted to buy members and leaders gate sign. After adjournment games were in charge of the game leader, Allen Castle.

Refreshment committee for the next meeting is Billy McKnight and Jimmy Wallenburn.

Refreshments were served to 11 members and six adults by Marva Lee and Sherry Herndon.

**SMITHTON** — The Woman's Society of Christian Service of the Methodist Church held its November meeting in fellowship hall with the vice president, Mrs. William Lamm, presiding in the absence of the president, Mrs. Clarence Hiltburg.

Mrs. Lloyd Wasson, spiritual life secretary, gave the devotional and used "Giving Thanks" for the theme. Following the regular routine of business reports, Miss Laura Kruse continued the study "New Churches for New Times."

A contributive lunch with the Esther group acting as hostesses was served at the noon hour and an executive meeting was held following the lunch.

Mrs. Ben Mahnken, pianist, called the afternoon meeting to

**SYMBOL CHANGE** — Youth climbs street pole to take down sign with name of Trujillo during anti-government violence at Santiago in Dominican Republic.

order with the playing of quiet music and the recommendations of the executive meeting were acted upon.

The afternoon program entitled "Jesus, the Light of the World," was given by Mrs. Ben Mahnken and Mrs. Blanche Gilmore.

A prayer litany led by Mrs. Mahnken and the response led by Mrs. Gilmore and the ladies present opened the afternoon program session.

Mrs. Blanche Gilmore explained the workings and aims of the World Council of Churches and how our own church can participate. Mrs. George Griffin Sr. gave the origin and history of the World Council of Churches. Mrs. William Lamm then told of the World Methodist Council, which began in 1890. Mrs. Gilmore then discussed the witness of the presence of the Holy Spirit and also told of the Emblem representing the World Council.

The program closed by singing "Oh Love that Will Not Let Me Go" and prayer.

The society presented a potted chrysanthemum in a beautiful gold color to Mr. and Mrs. Fernan Muschane, who observed their golden wedding anniversary on Saturday, Nov. 4.

LAMONTE — The WSCS had

an all day meeting Friday with music and the recommendations of Mrs. Russell Wagenknecht with Mrs. Jesse Fairfax helping.

The president, Mrs. Guy Bal- lew, opened the meeting with each officer being called on for a report. Committees for the oyster supper were named.

A life membership pin was presented to Mrs. Mary Nickel. A pot luck dinner was served at noon. There were 23 members present.

Mrs. Viola Wade had the program on "Jesus Christ, the Light of the World." Those helping were Mrs. Ruth Burke, Mrs. V. O. McMullin, Mrs. Dollie Eberly and Mrs. Stella Cook.

Mrs. Dale Sharp gave a session of the study book "The Meaning of Suffering" and another session will be held Friday afternoon.

Non-accomplishments List  
Is Interesting to Study

By HAL BOYLE  
NEW YORK (AP)—It's easy to figure out what you've done in life.

You probably can write the important things down on a small piece of paper.

But if you want to really spend an interesting evening, here's something to do. Sit down with a notebook and scribble in it all the things you haven't done in life, things you might have fretted yourself gray-haired over to accomplish, but which somehow you didn't get around to.

They might tell you more about what kind of a human being you are than the things you have done.

Here is one man's list of non-accomplishments at the half-century mark:

Never shot a deer.  
Never shook hands with a king or shared a cookie at tea with a live queen.

Never slept overnight at the White House, but did manage to snatch a few restful catnaps during several presidential press conferences.

Never wrote a book for money—and so far haven't found any other reason to write one.

Never could look up at the sky at night and call half a dozen stars by name. Somehow like them better anonymous.

Never yet dared to eat pig knuckles and sauerkraut. Intend to try soon, however, now that office has new major medical health plan.

Never caught a royal flush playing poker but once, and then hands shook so much nobody else in game would bet. Total in pot: \$3.28.

Never caught a marlin or tuna, as never could afford boat rent to go after them.

Never tracked down elephants on African safari, but have taken several bows for skill with which handed them peanuts at local zoo.

Never written a complaining letter to my congressman. Never could find out who he was, except when he was up for re-election.

Never borrowed money from own relatives. In financial emergencies, other people's relatives are much better.

Never owed a mortgage on home, as never bought a house. Someone has to subsidize the landlord class—if only for old times' sake.

Never stayed on a diet more than three months in row.

Never willingly missed three

meals a day since age of 25. Never intend to.

Never learned to sew on buttons, tie own bow ties, or fix balky vacuum cleaner. The nation has enough unemployed wives already.

Never ran for public office, never took correspondence course in judo, never felt need of studying Zen-Buddhism, never ran away from home with another man's wife, and never swallowed a toothpick.

All in all, if a man learns to like doing without the things he lacks and doesn't need, he can have a pretty good life. That's the whole secret behind successful negative living.

Cub Scout Pack 61  
Holds Party Recently

Cub Scout Pack 61 of Trinity Lutheran Church recently held a Halloween party at the church with their brothers, sisters and parents invited guests.

Costume awards went to Tony Cassing, Bobby Hancock, Gary Kreisler and Noland Simon. Refreshments were served.

A number of Cub Scout awards were also presented at the meeting.

Wolf Badges went to Donavon Simon, Danny Rodewald, Danny Conyers, Steven Twenter and Tony Cassing. These Cubs in turn presented their mothers with appropriate pins.

Denner Stripes went to Tony Cassing and Gary Gerken. Silver Arrow points were presented to Charles Binkholder and Bill Fingland, Jr., Eugene Pummil, Tony Cassing, Danny Rodewald and Steven Twenter received Gold Arrow points.

**MOON OVER PITTSBURGH**  
—It wasn't moon madness which produced this striking night shot of the moon's progress through a Pittsburgh, Pa., sky. Cameraman made a five-second exposure every five minutes as the moon traveled over his home. Note clear reflections on car top, seen in the foreground.
